

Gov't urged to hold webinars to combat vaccine hesitancy- Rep Pidi Barzaga

Rep. Elpidio Barzaga Jr.

A lawmaker on Tuesday called for a stronger information campaign to boost the people's confidence in the coronavirus disease (Covid-19) vaccination program by holding regular webinars to be aired live on government television channels and radio stations.

Cavite Rep. Elpidio Barzaga Jr. said the Department of Health (DOH) and the Department of the Interior and Local Government (DILG) have the resources to lead the online campaign in close coordination with medical experts from the private sector to promote the vaccination program.

Barzaga said holding regular webinars to be aired live on government television and radio stations will help address the vaccine confidence gap, noting that many are still hesitant to be vaccinated even if it is meant to protect an individual from getting Covid-19.

"To win our battle against Covid-19, we need to strengthen the concerted effort of our government agencies and different groups to improve people's vaccine confidence. On an individual level, this is the only way to attain herd immunity to beat the pandemic and gradually restore to normalcy," Barzaga said.

He stressed the need to increase vaccine confidence and improve the public's understanding of how it can help control the

ALFONSO CAVITE: A submersible pump of water in Brgy. Kaytitinga 2 given by LGU Alfonso headed by its Mayor Randy Salamat in order to solve the water problem in their barangay. We are with our Vice Mayor Madona Mojica-Pel, Kap Khey and his colleagues and Councilor Berting Cailing. Thank you very much for your warm welcome.

RHU Tanza reports on COVID-19 situation, vaccination in the municipality

TRECE MARTIRES CITY, Cavite (PIA) --The Rural Health Unit (RHU) of Tanza has recorded more than 2,400 COVID-19 confirmed cases after more than a year since the pandemic hit the country, the 4th among the cities and municipalities with the high-

est number of COVID-19 cases in the province.

"Out of the more than 2,400 COVID-19 confirmed cases, 600 are active cases," Municipal Health Officer Dr. Ruth Punzalan said.

Meanwhile, the local government had inocu-

lated a total of 1,300 healthcare workers and senior citizens since the start of the vaccination rollout using AstraZeneca vaccines.

Despite the global shortage of AstraZeneca vaccine, the RHU assured the healthcare workers and senior citizens who received

the 1st dose of AstraZeneca jab that they will receive the 2nd dose since additional supply is expected to arrive soon.

Dr. Punzalan said vaccination for the A2 priority group will continue with the recent approval of the

'Community pantries
need more food bags, not
red tags, nor red tape'-
Senator Recto

The only thing red in the community pantries are the ripe tomatoes.

Those who see red in these bayanihan projects should have their hearts examined.

Community pantries need more food bags, not red tags, nor red tape.

Let them bloom wherever they sprout, regardless of who planted them. Bureaucracy has no business throwing a shade over this pure expression of people's power.

Community pantries require no state franchise, nor government permit, nor police clearance. The business of helping your neighbor, as God commanded, requires no business permit from man.

These have become self-policing projects by a disciplined populace. The police should, in fact, commend the organizers instead of censuring them.

Greening strategies for business
seminar set on April 28

The Department of Trade and Industry National Capital Region (DTI NCRO) is inviting interested micro, small, medium enterprises (MSMEs) on learning how to practice greening strategies in time of pandemic.

The free webinar will help MSMEs to understand the growing business case for sustainable solutions and learn how to manage and lead a sustainable business by incorporating circular economy principles into your strategies to support sustainable growth.

The event will be held on April 28 (Wednesday), from 8 a.m. to 12 p.m.

To register in advance for the meeting, visit <https://bit.ly/GreeningStrategies1>.

After registering, a confirmation email will be sent.

The greening strategy supports healthy natural environments and sustainable communities today and for the future despite the COVID-19 pandemic.

The strategy also gives direction for action towards a greener workplaces.

Investment in green infrastructure, including tree planting and environment conservation, among others, has multiple benefits ranging from climate change mitigation to public health improvements. source: (PIA NCR)

POOLED TESTING SA
OSPITAL NG IMUS,
APRUBADO NA!

Aprubado na ng Research Institute for Tropical Medicine (RITM-DOH) na magsagawa ng 'pooled testing' o sabayang pagte-test ng sample para COVID-19 ang Ospital ng Imus (ONI). Dahil dito, mas pinabilis at pinalawak ang kakayahan ng ONI na makapag-test ng iba't-ibang tao upang malaman kung sila ay COVID-19 positive.

Ayudang Maliksi
Help Desk

You can see the call center for our Ayudang Maliksi Help Desk. The faster and more effective distribution of aid for Imuseños has been made possible thanks to this Help Desk.

Behind the success of this program, are our fellow Imuseños who are never tired of serving our nation. That's why, let's thank them at the same time together with all the servants of the town who wholeheartedly served our Beloved Imus.

Let's wake up together and be safe in the midst of this pandemic. We are still expecting your cooperation and discipline.

After the city received the RITM-DOH accreditation for its pooled testing capability, the city government immediately conducted mass testing for city hall employees.

Gatchalian: 'One Filipino,
One Bank Account' sagot
para sa mabilis na ayuda

Upang mapabilis at maisaayos ang sistema ng pamamahagi ng ayuda mula sa gobyerno sa mga darating na panahon, inirekomenda ni Senador Win Gatchalian ang pagkakaroon ng bank account ng bawat Pilipino sa bansa.

"Ngayong meron na tayong national ID. May isang batas akong gustong i-file na may kaugnayan sa national ID, ang tawag ko dito ay "One Filipino, One Bank Account". Dapat mandatory na bigyan ng pamahalaan ang lahat ng mga naninirahan dito ng bank account. Importante na gumamit na tayo ng teknolohiya," sabi ni Gatchalian.

"Kapag ganitong may pandemya, remit na lang nang remit sa bank account at doon tatanggap ng ayuda, bahala ka na kung paano mo gagamitin ang ayuda na 'yun," dagdag ng senador.

Tanong pa niya - sino na ngayon ang magpapakamahagi ng ayudang cash sa mga tao kung 'yung mismong tagabigay nito ay nahawaan rin ng COVID-19.

Ayon sa Vice Chairperson ng Senate Committee on Banks, Financial Institutions, and Currencies, ang pagkakaroon ng bank account ay hindi na dapat ituring na luho, bagkus, ito'y gawing basic requirement sa bawat Pilipino sa bansa anuman ang kanyang katayuan sa buhay.

Paliwanag ni Gatchalian, makakatulong sa bawat Pilipino ang pagkakaroon ng bank account lalo na sa contactless at cashless payments gamit ang cellphone na

maaari ring magsilbing digital wallet. Batay sa datos na nakalap ni Gatchalian, nasa 74 milyong Pilipino ang gumagamit ng smartphones noong 2019. Ang ganitong klase ng mobile phones ay maaaring magkaroon ng software applications kung saan ang paraan ng pagbabayad ay idadaan sa scanning o card readers.

Sa 2019 financial inclusion survey na isinagawa

ng Bangko Sentral ng Pilipinas (BSP), napag-alaman na nasa 51.2 milyong Pilipino o 71 milyon sa kabuuang populasyon ng adult Filipinos ang walang bank account at ang katwirang ibinigay ng karamihan sa kanila ay ang kawalan ng perang pang deposito. Nasa 27% ang nagsabi na hindi nila kailangan ng bank account at ang dahilan ng 26% ay ang kawalan ng sapat

RHU Tanza ...from p1

Sinovac vaccine by the Food and Drug Administration (FDA) for the inoculation of senior citizens.

About 300 senior citizens per day are targeted to be vaccinated on a first come first serve basis at the Tanza Specialists Medical Center that started Tuesday, April 2021.

The RHU is also planning to start the vaccination of the A3 Priority group or persons aged 18-59 years with comorbidities as they call on residents belonging to this group to register for the CoViD-19 Vaccination pro-

gram of the LGU using the online registration link found on Mayor Yuri A. Pacumio's FB page.

Pursuant to the provincial government's directive to intensify the conduct of the vaccination program of all the LGUs in the province, Mayor Pacumio is looking into the possibility of partnering with Vista Mall, and using the Tanza Sports Complex as additional COVID-19 hubs to speed up the distribution of the vaccines to achieve herd immunity. (Ruel Francisco with report from Balitang Tanzeño)

CALABARZON PDP/RDP Caravan focuses on economic recovery

DTI IV-A Regional Director Marilou Q. Toledo

"The challenge today is learning how to live with the virus. This entails fully implementing the Prevent, Detect, Isolate, Treat, and Recover strategy while gradually and safely reopening our economy; so that we can look after the total health

and welfare of the people," said NEDA Secretary Karl Kendrick Chua. This was his keynote message during the CALABARZON Virtual Caravan on the Updated Philippine Development Plan (PDP) and Regional Development Plan (RDP) on April 20, 2021. The Caravan showed the salient features of updated Plans.

Among the new strategies in the PDP and RPD were those that address the COVID-19 pandemic. NEDA Assistant Secretary Carlos Bernardo O. Abad Santos in his PDP presentation pointed out that technology adoption, innovation, and reforms in human capi-

tal development are essential for economic recovery.

The Caravan included a Talk Show, hosted by CNN Senior Correspondent, Ms. Lois Calderon, with guests from the government and the private sector. The topic of the Talk Show was the impact of the pandemic on small and large enterprises, and the response of the local as well as national government.

The guests of the Talk Show included Ms. Cecille Virtucio of the San Jose Workers Cooperative, Mr. Dan Lachica of Semiconductor and Electronics Industries in the Philippines Inc., DTI IV-A Regional

CNN Correspondent Ms. Lois Calderon

Director Marilou Q. Toledo and Ms. Gina Madin of the Local Government of Santa Rosa.

The Caravan was participated by a total of 189 representatives from regional line agencies, academe, local government units and private sector. A total of 807 viewers also watched during the livestream via social media.

Gov't urged to hold...from page 1

spread of Covid-19 in their families and communities.

"Little do we realize that getting vaccinated protects us and the people around us, particularly people who are at an increased risk for severe illness from Covid-19," Barzaga said. "Many people are caught between fear and hope. Let us work together to provide better answers to their vaccine anxieties. I believe any vaccine that is available is better than no vaccine at all."

Barzaga said a person who is not vaccinated against the disease is a risk to the lives of others and to the general community.

"Covid-19 is real and it has come closer to home. It has touched all of us, where every one of us has a parent, sibling, relative, friend, co-worker who has been infected by this deadly virus. There is no way to know how Covid-19 will affect an individual. A person can only have mild symptoms of cough and fever but to the unfortunate one, it can be serious and life threatening," he said.

To date, the Philip-

ppines has over 3 million doses of Covid-19 vaccines. Of this number, 2.5 million doses are from China's Sinovac Biotech Ltd. while the rest is AstraZeneca.

Data from the DOH showed that since the vacci-

nation rollout on March 1, over 1 million Filipinos have received at least their first dose of Covid-19 vaccine.

Around 1.4 million vaccine doses have been administered as of April 17,

making the Philippines third in Southeast Asia in terms of number of doses given.

As of Monday, the Philippines has 141,375 active Covid-19 cases, 788,322 recoveries, and 16,048 deaths. source(PNA)

Ibat-ibang Barangay sa Carmona para sa Assistance sa low-income families upang makuha ang ayuda mula sa national government.

Carmona Municipal Action Center: Weekly Accomplishments of Barangays (April 09 - April 15)

In the past few days, our barangays have conducted activities aimed at maintaining the order and safety of our people, and bringing smiles to our countrymen.

Here are some of the achievements of our barangays from April 09 to April 15:

- building and monitoring checkpoints;
- conducting disinfection activities;
- assistance to low-income families to get the aid from the national government; and
- ongoing solidarity in the implementation of Modified Enhanced Community Quarantine rules.

Encouraging everyone to cooperate and cooperate with Local Government programs and projects and barangays to fulfill our wishes for our nation.

'Community pantries need more...from p2

The CP is no monopoly of any group. It is not a patented venture. An individual or group can start their own. It is open to all colors in our political rainbow.

Support and solidarity is the correct response to community pantries. As the good mayor of Quezon City has said, "In these difficult times, let us allow kindness and selflessness to prevail."

DOH-CALABARZON Regional Mental Health Coordinator, Ms. Paulina A. Calo explains the mechanics of the Kapit-Bisig Helpline to a psychology student during an interview held at the regional office.

DepEd, DICT...from p6

"This partnership is designed not only to deal with COVID but really to deal, not only with the present, but also with the future. We feel braver. We feel more courageous since we are holding hands with the DICT and other institutions who could help us out. With this partnership, we offer more hope to education with the help of our partners," Secretary Briones said.

The monumental collaboration is aligned with the directive of President Rodrigo Roa Duterte during his 2020 State of the Nation Address (SONA). It is also a direct response of DepEd and DICT to address the adverse effects and complications brought by the pandemic in basic education and also for future possible incidences of calamities, disasters, and conflict.

"When the government decided to open classes amid the public health emergency, we recognized the need for education to continue, despite the limitations imposed by the ongoing health crisis. We believe it is imperative to look beyond these immediate concerns to what may be possible for education on the other side

of the COVID-19 pandemic. It is in this spirit that your DICT has worked closely with the education sector to come up with solutions that enable education to continue while also keeping our students and teachers safe and healthy," DICT Secretary Honasan II said.

"To do this, we are working with DepEd to adopt a framework that shall enable us to promote digital education by harnessing the benefits of various ICT services," Secretary Honasan added.

The partnership will lay down the framework of cooperation and collaboration between DepEd and DICT, including advocacy for the presence of ICT service providers in public school premises, provision of online resources, materials, and systems for educational use, and coordination with the National Telecommunications Commission (NTC), among others.

As part of its medium to long-term commitment, DICT will also assist in augmenting the future satellite capacity of DepEd for Last Mile Schools and in providing data transport service using a fiber-optic network under the

GovNet and Microwave towers. Additionally, DepEd and DICT will also work together to determine suitable real estate properties owned or under the administration of DepEd for use as sites or locations for the Shared Passive Telecommunications Tower Infrastructure (SPTTI) that will let government agencies share resources and technologies for the benefit of Filipinos.

Guided by the leadership of Secretary Briones, the PEN program is part of the Digital Rise Program under the Public Schools of the Future (PSOF) Framework. It is spearheaded by the Information and Communications Technology Service-Education Technology Unit (ICTS-EdTech) headed by Director Abram Y.C. Abanil, under the Administration Strand led by Undersecretary Alain Del Pascua and Assistant Secretary Salvador Malana III.

"With the building of the DepEd PEN, the Digital Rise program is strengthened and propelled forward. And this begins today, as we officially join hands with the DICT in making access and connectivity realities for all schools, all teaching and non-teaching personnel, and all learners wherever they may be," Usec. Pascua said.

FEELING STRESS DURING THIS PANDEMIC? CALL KAPIT-BISIG HELPLINE FOR FREE CONSULTATIONS – DOH CALABARZON URGED

Department of Health (DOH) – CALABARZON (Cavite, Laguna, Batangas, Rizal, Quezon) Regional Director Eduardo C. Janairo encouraged individuals who feels stressed out due to the raging pandemic in the country to reach out and contact the "Kapitbisig Helpline" Facebook page in order to cope with feelings of anxiety and despair.

"Yung fear of contracting the disease, especially when you're a frontliner, ay nakakadagdag sa nararamdaman mong stress kasama na dito ang mga pagbabago na kailangan mong gawin sa buhay mo gaya ng pag-iingat sa sarili mo para hindi ka maha-

wa at hindi ka makahawa ng Covid virus."

"Our movements

are restricted and slowed down in support of efforts to contain the spread of the virus. We need to cope with these new realities of life including working from home, temporary unemployment, home-schooling of children, and lack of physical contact with other family members, friends and colleagues, it is important that we look after our mental, as well as our physical health," he emphasized.

The regional office is continuously providing guidance and advice for individuals including health workers, senior citizens, people in isolation in order for them to look after their mental health during this pandemic.

Everyone is encouraged to visit the Kapit Bisig

page at <https://www.facebook.com/kapit.bisig.helpline> from Monday to Friday from 8:00AM to 5:00PM or you may contact 0916-339-4932 for Globe and 0961-769-5389 for Smart subscribers.

According to Paulina A. Calo, Regional Mental Health Coordinator, the Kapit-Bisig Helpline provides psychological first aid (PFA), Psychological interventions, Psychiatric Consultation and Treatment, and Referral to other health-related services. "It is facilitated by trained providers of Mental Health Psychosocial Support and Psychological First Aid. The consultation service is free and being handled by top psychologists in the country," she said.

GOV'T ALREADY RELEASED P7.5-B AID IN NCR PLUS

MANILA – The government has so far distributed PHP7.5 billion of the PHP23-billion financial assistance for qualified recipients affected by the enhanced community quarantine (ECQ) imposed in the National Capital Region (NCR) Plus area from March 29 to April 11.

According to the report released by the Department of Social Welfare and Development (DSWD) and Department of the Interior and Local Government (DILG) on Monday, a total of 7,470,0149 beneficiaries in Metro Manila and its neighboring provinces of Bulacan, Cavite, Laguna, and Rizal have already received the ECQ aid as of April 18.

Some 4,670,971 of the more than 11.1 million beneficiaries listed in Metro Manila have so far received assistance worth P1,000 per person or a maximum of P4,000 per

family.

In Bulacan, the DSWD and local government units (LGUs) have already distributed assistance to 658,177 of the 2,967,039 target beneficiaries.

On the other hand, 2,141,001 of the listed 8,775,395 recipients in Cavite, Laguna, and Rizal have also received their cash aid from the government.

DILG Spokesperson and Undersecretary Jonathan Malaya earlier assured that cash subsidy distribution for 22.9 million qualified recipients

will continue despite the shift of the NCR Plus to the more relaxed modified ECQ (MECQ).

“Though more people are now back to work, the ‘ayuda’ (assistance) is a commitment of government and will continue to be distributed despite the change in quarantine classification,” Malaya said.

In a Palace briefing on Monday, Presidential Spokesperson Harry Roque acknowledged the slow distribution of cash aid to families in the NCR Plus areas and vowed to do better.

“Patuloy naman po tayo namimigay ng ating ayuda (We continue to provide aid) and more aid is forthcoming,” he said.

He apologized for the slow distribution, noting that the government was just being careful not to spread Covid-19 in communities.

“Humihingi po tayo ng paumanhin dahil talagang medyo may kabalagan. Sa panahon po kasi ng pandemiya, hindi na-

tin maiiwasan na talagang mag-ingat (We would like to apologize because the distribution is really slow. We cannot help but be extra careful during this time of a pandemic),” he added.

Roque also pointed out that the government opted not to distribute the cash aid electronically to

Undersecretary Jonathan Malaya

avoid service fee deductions in the already meager cash assistance. (PNA)

DepEd, DICT team up to roll out Public Education Network

Drastic improvement in the delivery of education can be expected in the years to come as the Department of Education (DepEd) and the Department of Information and Communications Technology (DICT) sealed a monumental partnership to realize the establishment of the Public Education Network (PEN).

Led by Secretary Leonor Magtolis Briones and Secretary Gregorio B. Hona-

san II, DICT and DepEd on Friday signed two important Memorandum of Agreement (MOA) to strengthen the delivery of education through broadcast, connectivity, and digital security via the PEN program.

The two national agencies had been coordinating the development of the PEN as early as April 2020. The initiative aims to fast-track the digital connectivity of all public schools and

DepEd offices nationwide and allow learners to have wider access to DepEd TV, DepEd Commons, and other learning platforms. Aside from this, the PEN will also connect DepEd Offices to governance platforms such as the DepEd Enterprise Resource Planning System (DERPS), the Learner Information System (LIS), the DepEd Mobile App, and other partner platforms.
