

Bacoor LGU pushes for herd immunity, opens new vaccination hub

BACoor CITY, Cavite (PIA) -- In a bid to inoculate more Bacoreños with the arrival of the next batch of CoViD-19 vaccine supply from the Department of Health (DOH), the city government here recently opened an additional vaccination hub at the Niog Elementary School.

A total of 328 residents under the A2 and A3 priority groups were vaccinated during the said launching activity.

Likewise, simultaneous vaccination activities conducted at the Bacoor Coliseum and at the Alima Elementary School vaccination hubs gave out 350 and 329 vaccine jabs respectively for a total of 1,007 senior citizens and those with comorbidity residents vaccinated on May 1, 2021.

The turnout of residents for the vaccination is due to the intensified information campaign for the CoViD-19 vaccination program by the city government which changed the general perception of the residents particularly the senior citizens in the city from hesitation to trust.

"Nandito kami ngayon para magpabakuna laban sa CoViD-19. Taliwas sa mga unang napapabalita tungkol sa vaccine tungkol sa mga namamatay, mas minabuti nang mag-ing protektado laban sa CoViD-19," a female senior citizen resident proudly said.

(We are here today to get vaccinated against CoViD-19. Contrary to initial reports about the deaths from the vaccine, it is better to be protected against CoViD-19.)

As of May 1, 2021, records show a total of 8,074

DepEd to accept early enrollees for SY 2021-2022 until May

With more than four million learners already signed up for the next school year, the Department of Education has announced that parents can still register their children until the end of May.

Around 4.3M learners in Kindergarten, Grade 1, 7, and 11 were able to register for School Year 2021-2022 before the official early registration period ended. The Department has decided to extend the cam-

paign until the end of this month.

"We will continue to accept early registrants until the end of May to give you more time to register," explained Undersecretary

SC OFFICES PHYSICALLY OPEN DURING MECQ

MANILA – The Supreme Court (SC) will be physically open until May 14, 2021, despite adjusted work arrangements in lower courts during the modified enhanced community quarantine period (MECQ).

SC Spokesperson Brian Keith Hosaka clarified that "only the SC offices are physically open".

"The other courts (covered by the MECQ) are to remain physically closed," he said.

All offices in the Supreme Court shall be open from 9 a.m. to 3 p.m. on May 3 to 14, 2021, read

the order of Clerk of Court Marife Cuevas and approved by Chief Justice Alexander Gesmundo.

Adjusted work arrangements in courts lower than the SC, including physical closure in select areas, were extended last week following the declaration of another period of MECQ.

Under the advisory, the seven-day extension under previous issuances for the filing and service of pleadings, motions, and other court submission with the Supreme Court started Monday. The National Cap-

PhilHealth reiterates warning
against health insurance fraud

State health insurer, Philippine Health Insurance Corporation (PhilHealth) strongly advises health care providers not to engage in unethical acts such as upcoding of claims.
The Agency received various reports relating to health care providers colluding with patients to declare minor respiratory symptoms as COVID-19 case for higher benefit reimbursements.
In view of the increase in reports of claims manipulation, state health insurer urges patients and their families to directly report such illegal acts to PhilHealth.
The Agency is likewise calling on the public to be vigilant of such acts and fully cooperate with PhilHealth by providing proofs to support the investigation.
"We call on the public to cooperate with us to immediately curtail these wrongdoings. We should protect the National Health Insurance fund, because it is a public fund, it is your money," PhilHealth President and Chief Executive Officer Dante A. Gierran said. PhilHealth assures whistleblowers that complete confidentiality of reports as well as their protection will be given as provided by law.
To further strengthen its campaign against unlawful acts, PhilHealth has earlier initiated collaborations with the National Bureau of Investigation to detect, deter, and prosecute fraud committed by hospitals and professionals.
The state health insurance chief stressed that he will not tolerate deceitful practices made by some providers in order to take advantage of the uncertainties brought about by the pandemic.
"PhilHealth shall not hesitate to use full force of the law to those caught engaging in these illegal practices," he said.
The public may send their reports pertaining to these fraudulent acts through email at whistleblower@philhealth.gov.ph; actioncenter@philhealth.gov.ph; and opceo@philhealth.gov.ph or by mail addressed to the Office of the Corporate Secretary, Room 1711, 17th Floor Citystate Centre, 709 Shaw Blvd., Pasig City. ###

Agricultural Training Institute (ATI) CALABARZON
Drip Irrigation Technology: Enhancing
Productivity and Engaging Farmer in Sus-
tainable Food Production

Modernization is
one of the eight (8) para-
digms to level up Agricul-
ture espoused by the De-
partment of Agriculture for
a food-secure Philippines.
To address the need of small
farmers and urban gardeners
alike for modern technol-
ogy, MoCA Family Farm
RLearning Center Inc., a
Private Extension Service
Provider (ESP) of the Ag-
ricultural Training Institute
(ATI) CALABARZON,
conducted the Training on
Drip Irrigation Technology
for Improved Crop Produc-
tion. A total of 25 individu-
als participated in the online
training.
The Training on
Drip Irrigation Technology
for Improved Crop Produc-
tion aims to educate and
train participants with basic
knowledge in designing,
installing, maintaining and
scheduling a drip irrigation
scheme to improve crop pro-
duction for a more profitable
and sustainable farm. Aside
from lecture-discussion, par-
ticipants also experienced
face-to-face hands-on exer-
cises following the health
and safety protocols.
"I am very much
happy that I have attended
this well-structured work-
shop because it helped me
a lot in understanding the
importance, fundamentals,
and the science behind drip
irrigation technology. Not
only that, but it gave me ac-
tionable insights that I can
apply immediately", impres-
sion shared by Mr. Deo M.
Danguilan, one of the par-
ticipants who successfully
completed the training.
On the last day of
the training, Ms. Marites
Piamonte-Cosico, Center
Director of ATI CALA-
BARZON graced the virtual
graduation. She emphasized
the importance of being
persistent, "Isa sa mga ma-
hahalagang katangian ng
isang Entrepreneur ay ang
pagiging persistent o pagig-
ing matiyaga at determina-
do. Isa ito sa pinakamahal-
agang life skill sa buhay ng
tao. Patunay na nga kayong
dalawampu't limang mga
kalahok na di natinag sa
pagpapatuloy na matuto at
makaambag sa pagpapana-
lad ng agrikultura at seguri-
dad ng pagkain".
Each of the 25 par-
ticipants received drip-ir-
rigation materials which
they can install in their own
gardens or farms. The said
training transpired on April
12 - 23, 2021.

THREE MODULAR...FROM PAGE 5

DOH-CALABARZON (Cavite, Laguna, Batangas Rizal
Quezon) Assistant Secretary Paula Paz M. Sydiongo thanked the
DPWH for the completion of the project. "This will greatly benefit the
hospital as sit will increase its bed-capacity with an additional 10 rooms
for intensive care units and 21 rooms for isolation and monitoring of
mild Covid symptoms.
"The facility will be under the supervision and management
of BatMC. The DOH central office has already provided the necessary
medical equipment for the facility. For the part of the regional office, we
will provide augmentation, especially human resource including doctors
and nurses and other staff," she emphasized.
Batangas Medical Center Chief Ramoncito C. Magnay also
extended his grateful appreciation to DPWH for increasing the capaci-
ty of the hospital by building off-site health care facilities for treating
COVID-19 patients.
"The Covid-19 modular facilities at BatMC will help accom-
modate possible surge of Covid cases in the province including patients
from adjacent provinces of Laguna, Cavite and Quezon," he added.

MUNICIPALITY OF CARMONA

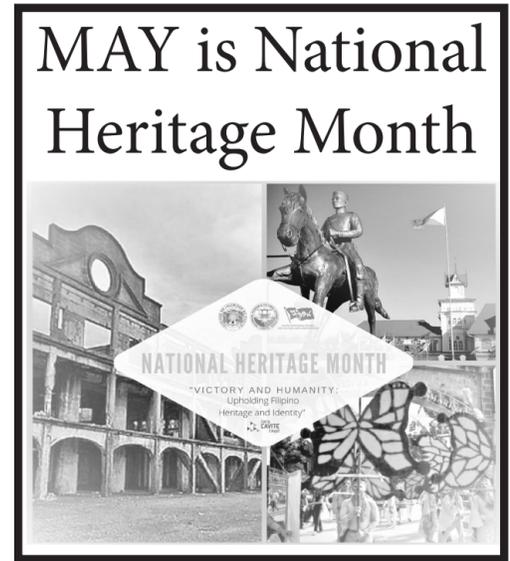

UPDATES ON THE CARMONA COVID-19
VACCINATION PROGRAM AS OF MAY 1

1. Sinimulan na ang pagbibigay ng FIRST DOSE ng Sinovac para sa mga SENIOR CITIZEN (A2).
Tinataya na nasa 750 senior citizens ang mababakunahan mula ngayon hanggang sa susunod na mga araw.
Nais ipaunawa sa lahat na ang bilang ng mga binabakunahan ay nakadepende sa bilang ng bakuna na dumarating mula sa national government. Pinapakiusapan ang iba pang senior citizen na maghintay ng text o tawag mula sa MHO para sa inyong schedule kapag dumating na ang SUSUNOD NA BATCH ng bakuna.
2. Isasagawa na ang pagbibigay ng SECOND DOSE sa PERSONS WITH COMORBIDITY (A3) na NABIGYAN NA ng FIRST DOSE ng Sinovac.
Magaganap ito sa May 3 - 6, 7 AM to 4 PM, sa Carmona Community Center, Barangay Ca-bilang Baybay. Tingnan lamang sa inyong VACCINATION CARD kung kailan ang petsa ng inyong pagtanggap ng second dose.
3. Hindi pa nagbubukas ng registration para sa general population. Sa ngayon ay inuuna muna ang priority groups.

TRECE TEAM AYUDA NOONG
MAY 2 AT 3 SA HUGO PEREZ

This is the last ba-
rangay of our Team Ayu-
da. When I went around, I
heard many stories and my
countrymen saw them, some
received and some didn't,
some got angry but some are
also happy.
Joining us in distri-
bution is an effective way for
me, through this I can afford
Barangay Officials, HOAs
and the citizens themselves.
Even though the actions are
limited because we have to
follow the health proto-
col, we are trying to com-
municate with them and if
they have questions, we are
quickly responding.
On my Facebook
page, all the comments were
rained on, to be negative and
positive, I can read and un-
derstand all of this.
While Tean Ayuda
is busy in distribution, each
government staff will contin-
ue to arrange to reach all our
countrymen, because after
this we will follow the dis-
tribution of aid for approved
grievances / appeals Submis-
sioned by barangays to City G
& A committee. Please wait
for my announcement about
this.
I know that all of us
are suffering because of the
pandemic, and the help from
the National Government is
really a great help to all of
us. Indeed, everyone is af-
fected. We are working hard
to reach all the Treceños,
that's why we ask you for
unity and understanding.
The Government
may not be perfect. Expect
us to serve honestly to the
people and have a heart for
the people.
After the distribution ex-
pected to end tomorrow May
5, 2021 we will release a
complete list of beneficiaries
(households) per barangay
and summary for the Trans-
parency of our Aid Program.

DPWH Delivers Support Infra to Healthcare System, Starts 110-Bed Hospital Project at Lung Center

The Department of Public Works and Highways (DPWH) has stepped up to the challenges posed by COVID-19 by rapidly putting up infrastructure to support the healthcare system for the welfare of the Filipino people.

DPWH Secretary and Chief Isolation Czar Mark A. Villar revealed that as of end of April 2021, the DPWH has built 662 units of various health facilities with 24,513 bed capacity nationwide to support countrywide

healthcare demand.

Secretary Villar said that capacity expansion is on-going at the Lung Center of the Philippines (LCP) compound in Quezon Avenue, Quezon City to cope with the increase in number of patients brought by the climb of case for people infected with COVID-19.

Secretary Villar together with his formed DPWH Task Force for Augmentation of Local/Health Facility headed by Under-

secretary Emil K. Sadain inspected on Friday, April 30, 2021 the newly started modular hospital project at LCP which is in addition to the one (1) ICU type facility with 16-bed capacity turned over on November 2020.

In his briefing, Undersecretary Sadain said that the on-going project covers the construction of four (4) typical designed with 88 beds and one (1) intensive care unit (ICU) type modular hospital with 22 beds or a

total of 110-bed capacity.

The project is extremely significant since the LCP received the most number of patients with respiratory conditions and these five (5) cluster units of off-site hospital will augment existing treatment facility for moderate, severe and critical COVID-19 patients, added Undersecretary Sadain.

Also present during the inspection are members of the DPWH Task Force namely Director Aristarco

Doroy and Assistant Director Edgardo Garces of the Bureau of Construction which supervises and implements the project and Mr. Alejandro H. Tengco of Nationstar Development Corporation.

DPWH has also completed ten (10) modular hospital projects with total capacity of 252 beds for COVID-19 treatment and 60 units of off-site dormitories as temporary shelter of about 1,456 healthcare workers.

DepEd to accept... FROM P1

for Planning, and Human Resource and Organizational Development Jesus Mateo.

During the Early Registration campaign this whole month of April, the Department tallied 933,073 kindergarten, 1,502,900 Grade 1, 1,069,856 Grade 7, and 809,217 Grade 11 learners for a total of 4,315,046.

CALABARZON recorded the highest number of registered learners at 437,561, followed by Central Visayas (395,830) and Western Visayas (365,361), according to the May 6 monitoring report.

"We are very happy with the outcome of our early registration. It surpasses our expectations when it comes to the number of learners and parents willing to start or continue their studies. Amidst the current situation, this only shows how important education is to our stakeholders," Secretary of Education Leonor Magtolis Briones said.

For the safety of learners, parents, and personnel, the Department has conducted its early registration by utilizing communication platforms like Facebook chats, text messaging, and drop-boxes in schools or barangays.

"Achieving 92% within the period compared to last year, for us, is already a great achievement. This is despite the challenges like restrictions and internet connection issues of parents," Usec. Mateo noted.

SC OFFICES...FROM P1

ital Region, Rizal, Bulacan, Cavite, and Laguna, will be under MECQ until May 14, and until May 31 in Quirino and Abra provinces and Santiago City in Isabela.

In Administrative Circular No. 29-2021 dated April 30, Gesmundo said all first and second level courts, and appellate collegiate courts and their judicial officers in the areas "shall continue to be physically closed until May 14".

The order also applies to court and judicial offices in other areas under localized ECQ and MECQ.

Essential judicial offices shall maintain the necessary skeleton staff to address urgent matters and concerns while courts in areas under general community quarantine (GCQ) and modified GCQ shall be physically opened with a workforce of not more than 25 percent. (PNA)

THREE MODULAR FACILITIES FOR COVID TREATMENT OPENS AT BATANGAS MEDICAL CENTER

Officials from the Department of Public Works and Highways (DPWH) and the Department of Health (DOH) on Friday formally opened the three modular treatment facilities for the treatment and management of Covid patients at the Batangas Medical Center (BatMC) in Batangas City.

"The Department of Health extends its utmost gratitude for the DPWH's support and assistance in providing facilities to augment our hospital's need for additional rooms for healthcare service for Covid patients for the province of Batangas," DOH Assistant Secretary Maria Francia M. Laxamana stated.

DPWH Batangas 2nd District Engineer Sonia D. Paglicauan said that the agency is currently expanding the capacity of major hospitals through the construction of modular facilities to provide more rooms for treatment and management of people infected with Covid-19.

She added that the off-site modular facilities at the BatMC was made possible through the DPWH Task Force to Facilitate Augmentation of Local/National Health Facilities together with Batangas 2nd District Engineering Office.

"The DPWH has already completed various modular hospitals for Covid-19 treatment in various DOH specialty and retained hospitals including one (1) ICU type with 16-bed capacity at Lung Center of the Philippines; four (4) typical designed and one (1) ICU type modular hospital at Quezon Institute-Philippine Tuberculosis Society Inc (QI-PTSI), Quezon City with a total of 110-bed capacity; one (1) typical designed modular hospital with 22-bed capacity at Dr. Jose N. Rodriguez Memorial Hospital and Sanitarium (DJNRMHS), Caloocan City and one (1) typical designed with 21 beds and a 10 bed capacity one (1) ICU type modular hospital at Batangas Medical Center, Batangas City," Paglicauan disclosed.

Turn to page 2

Villanueva: Manggagawan...FROM P2

ployment.

Dagdag pa ng senador, kung ang pagbabatayan lamang ay ang haba ng pila sa mga community pantries sa iba't ibang bahagi ng bansa, makikita na kulang na kulang ang ayuda na natatanggap ng mga Pilipino, lalo na yung mga nawalan ng trabaho.

He said that if the long lines at community pantries - initiated through the kindness of private citizens - were any indication, then Filipino workers are receiving too little aid at a time of great need.

"Araw-araw pong humahaba ang pila sa mga community pantries dahil hindi na lang isang araw ang kailangang maitawid ng ating mga kababayan, kundi ang kanila nang pang-araw-araw. Sinasalamin po nito ang kalagayan ng ating mga manggagawang nawalan ng trabaho, mga no-work-no-pay, lalo na po ang mga nasa informal sector," ikinalungkot ni Villanueva.

"Naniniwala po tayo na may kakayahan ang gobyernong magbigay ayon sa kanyang mandato, pananagutan at kapangyarihan. Ang kailangan po natin ngayon ay pantry ng mga trabaho, pantry ng mga ayuda, at pantry ng mga bakuna," anang chair ng Senate labor committee.

"Kailangan pa rin po ng ayuda. Bagamat marami na po ang nabigyan, marami pa rin po ang naghihintay lalo na ang mga nasa informal sector, mga small and medium enterprises, gayundin ang mga kababayan nating magsasaka, mangingisda, at isama na rin natin ang mga magbababoy."

Dahil dito, ikinagalak ni Villanueva ang paglulunsad ng Tulong Trabaho Scholarship Program na makakatulong sa mga manggagawang Pilipino sa kaniilang pagpapayabong ng kaalaman para magtrabaho sa panahon ng "new normal." Principal author at sponsor si Villanueva ng Republic Act No. 11230, o Tulong Trabaho law.

Pinuri din ng senador si Labor Secretary Silvestre Bello's sa pagpupursige nitong makahanap ng trabaho para sa mga manggagawa. Sa katunayan, may 27,000 job vacancies ang nakalap ng kawagaran sa mga programa nito tulad ng virtual Trabaho, Negosyo, Kabuhayan Job and Business Fair na idinaos ngayong Labor day.

"Higit sa lahat at sa lalong madaling panahon, kailangang makarating sa braso ng ating mga manggagawa ang bakuna. Bakuna po ang pinakaimportanteng armas natin laban sa pandemya, upang agarang makapagsimula sa muling pagbangon at pag-sulong," sabi ni Villanueva.

"Sa lahat ng manggagawang Pilipino lalo't higit sa ating mga frontliners at essential workers, maraming salamat po. Sa gitna ng panganib, hindi kayo tumitigil sa pagkayod. Nakatala na po sa ating kasaysayan kung paanong sa giyera ng ating lipunan laban sa pandemya ay kayo ang nanguna sa pagtatanggol sa bayan," dagdag pa niya.

"Sa pinagsama-samang lakas, talino, kasanayan, puso, at determinasyon ng mga manggagawa, walang dahilan upang hindi magiging matagumpay ang Sam-bayanang Pilipino."

Church offers use of school to augment shortage in isolation facilities

TRECE MARTIRES CITY, Cavite (PIA) -- In the wake of the full use of the isolation facilities in Tanza town, the Catholic Church leaders here offered the St. Augustine High School as additional temporary treatment and monitoring facility for senior citizens and those who have comorbidities.

This initiative of the parish leaders is a welcome measure to help with the current CoViD-19 emergency situation in the municipality.

"It is okay to use the school building since classes are still online," the parish priest said.

It is also unfortunate that the isolation facilities that cater to mild and asymptomatic cases now had to treat patients with pneumonia.

Department of Health (DOH) 4-A Isolation Physician, Dr. Lani Patacsil reported, "Ang dami damping cases ng may pneumonia para nang hospital ang setting ngayon, wala na kaming

choice. Dyan na nagaganap ang gamutan."

(There are numerous cases with pneumonia that it is like a hospital setting now, we don't have a choice. Treatment is being done there.)

Moreover, hospitals could not immediately accommodate admissions with patients' waiting list reaching up to a hundred because of the rate of infection of the disease.

According to Rural Health Officer Dr. Ruth Punzalan, a sad and unfortunate reality is that patients with moderate, severe or critical symptoms who needed to be admitted in the hospital succumb to the disease at home before they could even be hospital-

COMELEC releases schedule; voter registration, certification in NCR Plus remain suspended until May 14

The Commission on Elections (COMELEC) announced that voter registration remain suspended in the National Capital Region and nearby provinces of Bulacan, Cavite, Laguna and Rizal (NCR Plus) until May 14, 2021 due to the extension of the modified enhanced community quarantine (MECQ) in said areas.

In an advisory, COMELEC said aside from the NCR Plus areas, the city of Santiago in Isabela and

the provinces of Abra and Quirino COMELEC offices will be closed until May 31.

Likewise, other areas placed under enhanced community quarantine (ECQ) or MECQ by their respective local government units (LGUs) for any specific period in the month of May.

Meanwhile, COMELEC offices in areas under the general community quarantine (GCQ) and modified general communi-

ty quarantine (MGCQ) areas will be open Mondays to Thursdays, from 8 a.m. to 3 p.m. for voter registration and from 8:00AM to 5:00PM for voter's certification.

COMELEC further announced that the Office for Overseas Voting (OFOV) in Intramuros, Manila will be exclusively to voter registration with urgent travel needs for the duration of the MECQ in NCR Plus and other areas.

The OFOV may be reached via official Facebook page. Turn to page 5
