DTI eyes hiking biz operation capacity in October

MANILA — Department of Trade and Industry (DTI) Secretary Ramon Lopez said the agency is considering increasing the allowed operation capacity of businesses in areas that will be under Alert Level 4 next month.

This, as the pilot week of the alert level system in Metro Manila has been a “good start” and “safe”, Lopez said in an interview with CNN Philippines Wednesday.

“We consider bringing operation capaci-

ty up from 10 percent to 20 percent because it is deemed safe, and customers are highly complying (with the protocols). It makes sense to give a little more support on this protocol,” he said in mixed English and Filipino.

He added this could start by October, after the last day of Alert Level 4 status in Metro Manila.

Metro Manila is currently under the new alert level system, in which outdoor dine-in operation is allowed up to 30 percent, and

Tolentino welcomes pilot
implementation of
face-to-face classes
in low-risk areas

Sen. Francis Tolentino

MANILA - Senator Francis 'Tol N. Tolentino yesterday welcomed the decision of President Rodrigo Duterte to allow the pilot testing of limited face-to-face classes in areas with low cases of COVID-19 infection.

Tolentino said allowing the pilot testing for limited face-to-face classes

"is a good step towards normalization and improving the country's education system."

"We have lots of grounds to recover," he added.

A maximum of 100 public schools which have passed its "readiness assessment" will participate in the pilot test as per Malacañang.

As early as July, Tolentino has been pushing for the gradual resumption of face-to-face classes in low-risk island provinces in the country for this school year.

According to Tolentino, island provinces such as Guimaras, Biliran, Batanes, and Camiguin

PhilHealth reaches out to Filipino youth
through Online Student Tambayan

In an era where information can easily be accessed by just a few clicks and swipes on one's smart phone, state health insurer PhilHealth recently collaborated with the Philippine Online Student Tambayan, "The POST" for short, to do just that... making health insurance awareness something that one can achieve anytime, anywhere even at the comfort of one's couch.

PhilHealth believes in the advocacy of "The POST" to provide timely and objective news stories across the country, especially where interests and concerns of the academe and the student sector are concerned. Based on media analytics summary during the 1st quarter of this year, The POST's followers already reached 36,345 in Face-Book, 3,670 in Instagram and 275 Twitter, and counting. The said portal is gaining popularity among Filipino students and the youth in general, empowering them to participate in meaningful social discourse, and providing them with a neutral platform where they can freely express themselves.

The POST, PHmediaportal Inc.'s newest site is slowly but surely building its name as an independent online news portal and lifestyle media brand. For the younger age group, "The POST" definitely ensures a steady stream of exciting stories, trending topics, current events, culture, lifestyle and entertainment that captivate the younger internet users.

Making PhilHealth's presence felt in the academic sphere is exactly our goal that is why we took advantage of becoming part of their Student Guide Section to further boost our information drive particular among the youth sector.

Recently, PhilHealth's contributed topic entitled "May PhilHealth Ka Na Ba? A Quick Guide for Fresh Grads and the Newly Hired" has been uploaded in their website, making students, fresh graduates and newly-hired ones to appreciate the importance of PhilHealth in their personal health, and how this can save them from costly treatments through health insurance.

Given the significant role of the youth of this generation as change agents of today, it is but timely that PhilHealth and PHmediaportal, Inc. have embarked on such a solid partnership.

Implementasyon ng Livelihood
Seeding Program-Negosyo Serbisyo sa
Barangay sa Cavite City, patuloy
ang pag-usad sa kabila ng pandemya

Sa pagsisikap ng DTI Negosyo Center Business Counselor na si Ms. Rose Lyn Babar, matagumpay na nailunsad sa apat na mga barangay sa Cavite City ang Livelihood Seeding Program - Negosyo Serbisyo sa Barangay simula ika-30 ng Agosto 2021. Kabilang sa mga napuntahang barangay ng Business Counselor ang Brgy. 47-M Pagkakaisa, Brgy. 6 Diego Silang, Brgy. 42-M Pinagbuklod at Brgy. 60 Letsugas.

Bukod sa pagsasagawa ng seminar tungkol sa pag-negosyo, tinalakay rin ang iba't-ibang programa at serbisyong inaalo ng DTI. Namahagi rin ng ilang information materials

sa mga maliliit na negosyante upang magsilbing gabay nila sa pag-papa-takbo ng negosyo. Target ng DTI Cavite na makapaghatid-serbisyo sa anim pang mga barangay sa Cavite City. Sa tu-

long ng Negosyo Center at ni Ms. Babar, hindi malayong makamit ito bago matapos ang Setyembre.

Bago matapos ang taon, limampung benepisyaro mula Cavite City nakatakdang tumanggap ng Livelihood Starter Kits sa ilalim pa rin ng programa.

NAIC - Patuloy ang pagsasagawa ng antigen swab testing sa mga empleyado ng lokal na pamahalaan upang matiyak ang kaligtasan ng mga kawani ng gobyerno, maging ang publiko na nagsasagawa ng transaksyon sa munisipyo noong Sept 21.

Ito ay direktiba ni Mayor Junio Dualan bilang tugon sa patuloy na pagtaas ng bilang ng mga kaso ng Covid-19 sa kanilang bayan. Ayon sa lokal na pamahalaan, sumasailalim sa home quarantine ang mga empleyadong makikitang nagpositibo sa sakit upa-

ng maiwasan ang hawakan sa mga opisina ng lokal na pamahalaan.

Lagpas ng 1-M bakuna
kontra Covid 19,
naipamahagi sa Cavite

Umabot na sa 1,822, 899 bakuna kontra COVID-19 ang naipamahagi ng pamahalaang panlalawigan para sa mga residenteng kabilang sa priority group.

Batay sa datos ng Provincial Information and Community Affairs Depart-

ment (PICAD), pinakamataas ang vaccination rate ng lalawigan para sa mga economic frontliner kung saan 490,449 ang nakatanggap na ng paunang dose ng bakuna. Sinundan naman ito ng persons with comorbidities (224,875), at mga

senior citizen (206,647).

Karagdagang 1,027 residente naman ang nabakunahan ng pamahalaang panlalawigan kasabay ng pagsisimula ng pagbabakuna para sa mga kabilang sa A5 priority group o mga indigent. | via PICAD Cavite

Palace, health...from p1

Secretary Roque said that while the government respects individual preference, he explained that some vaccine brands remain elusive for developing nations like the Philippines.

"Sino ba ang ayaw ng Western brands? Ang problema lang talaga hindi natin nakukuha ang suplay. We ordered 40 million pero nakikita nyo naman they come in trickles, ang dumadating pa mga COVAX supply, yung mga donated. Pero yung mga binibili natin talagang they've been coming in trickles," said Roque.

The Palace official added that the Philippines is not alone in this predicament. "Kaya nga po doon sa kampanya ko doon sa International Law Commission, sinasabi ko dapat may tratado na kikilalanin ng mga bansa sa buong daigdig yung vaccine equality na dapat lahat magkaroon ng bakuna pero hindi pa po yan nangyayari. Sa ngayon po lahat po ng pag-aaral ay nagpapakita na pati po ang Sinovac, ang mga Chinese

vaccines, ay epektibo laban sa seryosong pagkakasakit at laban po sa kamatayan dulot ng COVID-19," Sec Roque said. Infectious disease specialist Dr. Edsel Salvana affirmed the the Palace spokesperson's statement and said that the Chinese brands Sinopharm and Sinovac are both included in the World Health Organization's Emergency Use Listing. This proves that these vaccines are safe and effective, said Dr. Salvana.

Citing local data released by the FDA as of August 29, 2021, Salvana said that out of 13.87-M fully vaccinated individuals, the number of breakthrough cases is only 242 or .0017 percent breakthrough infections.

Salvana emphasized that this data prove that the vaccines are indeed working as studies have shown that all approved vaccines with an Emergency Use Authorization (EUA) are effective against severe disease and are 90 percent effective in decreasing the risk of dying and hospitalization.

Dr. Salvana also underscored that the real cause of breakthrough infections is not because vaccine efficacy or immunity is waning but because of the characteristic of the Delta variant. Salvana added that while clinical efficacy of vaccines is lower at 30 to 40 percent against the Delta variant, all vaccines remain effective against severe disease, hospitalization, and death.

Meanwhile, Roque mentioned that a total of 41,793,930 vaccine doses have now been administered nationwide as of September 20, 2021 data from the National COVID-19 Vaccination Dashboard. Of this number, 18,823,718 individuals are now fully vaccinated, which is 24.4 percent of the target eligible population.

For the National Capital Region (NCR), there are now 14,873,731 total vaccines administered as of September 19, 2021. Of this number, 6,603,149 are fully vaccinated or 67.54% of the target eligible population, said

DepEd credits parents, learners
for exceeding 100% enrollment
turnout for SY 2021-2022

Pinasalamatan ng Kagawaran ng Edukasyon (DepEd) ang mga magulang at mag-aaral sa kanilang suporta para sa tuloy-tuloy na pagkatuto sa gitna ng pandemya nang iulat ng ahensya na nalampasan na nito ang bilang ng enrollment noong nakaraang taon.

"This indicates the kind of response of our parents and learners [in education]," ani Kalihim Leonor Magtolis Briones sa Budget Hearing sa Kapulungan ng mga Kinatawan noong Martes.

Batay sa ulat ng Learner Information System (LIS) Quick Count noong Sabado, 28,219,623 na mga mag-aaral ang nakapagrehistro para sa Taong Panuruan 2021-2022, o 107.6% kumpara sa enrollment no'ng nakaraang taon. Nagkaroon ng 26,227,022 enrollees ang Taong Panuruan 2020-2021.

Ipinapakita rin ng ulat na ang 15 mula sa 17 na rehiyon ay nakakamit ng mahigit 100% rate ng enrollment.

10 percent for indoor dine-in services.

Same operation capacity was also applied for personal care services.

Aside from increasing the allowed capacity in stores, Lopez said the agency is also considering reopening the gyms under Alert Level 4.

Protocols under Alert Level 4 are equivalent to the current modified en-

ment, na nagpapahiwatig na ang mga mag-aaral na hindi nakapag-enroll noong nakaraang taon ay bumabalik sa basic education system.

Sa kasalukuyan, Rehiyon II (Cagayan Valley) ang may pinakamataas na enrollment turnout rate na may kabuuang bilang na 1,117,725 ng mga enrollees para sa Taong Panuruan 2021-2022 na sumasalamin sa 122.2% ng bilang ng nakaraang taon. Samantala, ang Rehiyon XII (SOCCSKSARGEN) at CARAGA ay nakapagtala ng 118.5% at 118.3% turn out rates, ayon sa pagkakabanggit.

"We thank our field offices, school heads, and teachers for their dedication and hardwork in encouraging the public to enroll. Likewise, we are grateful to the parents of our learners who continue to put their trust and support in DepEd and for learning continuity amidst the pandemic," saad ni Kal. Briones sa isang hinalay na pahayag.

hanced community quarantine (MECQ) protocol.

Meanwhile, due to the stricter community quarantine protocol to curb the coronavirus disease 2019 (Covid-19) Delta variant infection, Lopez said 16 percent of businesses in Metro Manila were closed in its September survey.

This increased from 10 percent in the June 2021 survey. (PNA)

Roque.

On the NCR nearly reaching 70% full vaccination of its target population, molecular biologist Rev. Fr. Nicanor Austriaco said that while there is still uncertainty due to the Delta virus, what experts are looking out for is a decoupling of infection and hospitalization and death.

Fr. Austriaco explained that even if infections are going up, when the population reaches a certain point of vaccination, hospitalizations due to COVID-19 will not go up but will go down because the vaccines will protect the population from severe disease, hospitalization, and death. ### OPS

Sa patuloy na pagtaas ng bilang ng enrollment, sinabi ng Puno ng Edukasyon na umaasa ang Kagawaran na mas dadami pa ang mag-aaral na magpapatala hanggang Setyembre 30, ang huling araw para sa enrollment.

"We expect the number to increase since we are extending the enrollment. It is a common practice of the Department to extend the enrollment," dagdag ni Kal. Briones.

Sa kasalukuyang administrasyon noong wala pa ang pandemya (2016-2019), binanggit din ng Kagawaran sa presentasyon ng budget hearing na ang ahensiya ay nakapagtala ng 8.45% na pagtaas sa enrollment.

"Is it not only to match last year's, it is also to recover also those who opted out of enrolling. We are seeing better numbers this year," ani Pangalawang Kalihim at Chief of Staff Nepomuceno Malaluan.

Covid Poem

*When this is over,
may we never again
take for granted
A handshake with a stranger
Full shelves at the store
Conversations with neighbors
A crowded theatre
Friday night out
The taste of communion
A routine checkup
The school rush each morning
Coffee with a friend
The stadium roaring
Each deep breath
A boring Tuesday
Life itself.*

*When this ends,
may we find
that we have become
more like the people
we wanted to be
we were called to be
and may we stay
that way—better
for each other
because of the worst.*

which have low or zero COVID-19 infection rate should be allowed by the national government to resume its face-to-face classes for students while still abiding with existing minimum health protocol guidelines by the Inter-Agency Task-force (IATF).

Tolentino stressed that the distance learning modality--a combination of online and modular learning--isn't effective at all, considering the current connectivity problem of the country's telco.

The National Economic and Development Authority (NEDA) earlier has also recommended a limited resumption of face-

to-face classes for academic year 2021-2022, noting that the current blending learning scheme has deeply affected the country's quality of education. Socioeconomic Planning Sec. Karl Kendrick Chua told members of the Senate Committee on Finance during the budget deliberations in the upper house that a year without having face-to-face classes will result in a projected P11-trillion loss in productivity over the next 40 years. Chua Noted that a year without physical classes will have a permanent effect on the student's abilities, especially when they enter the labor sector after graduation.

ANNOUNCEMENT TO CALABARZON BUSINESS OWNERS

The Development Academy of the Philippines requests for your support in answering the Whole-of-Government 2021 Business Satisfaction e-Survey (e-BizSat) on frontline government services.

This BizSat is a national survey conducted every two years to capture levels and key drivers of satisfaction, and service expectations of businesses. The survey results will give the government evidence-based insights on improving business satisfaction on frontline government services; designing and delivering better service be it face-to-face, online or via phone call; and, standardizing quality of frontline government services.

The first part of the whole-of-government survey will run from 10 September to 8 October 2021 to get the satisfaction level of businesses with national and local government frontline services. Knowing the businesses' level of satisfaction in general and their satisfaction on specific aspects of frontline government service will help frontline government agencies and local government offices identify areas for service quality improvement especially during this time of the pandemic.

The e-BizSat can be accomplished online in about 15 minutes using the link <http://bit.ly/eBizSat2021> or by scanning the QR code in the attached post.

PRO CALABARZON Regional Director, PBGEN Eliseo DC Cruz commended the RMFB 4A for their laudable efforts in initiating quick impact projects to win the heart and mind of the community especially to the chosen beneficiaries of “Project Silong” during his vis-

it last September 22, 2021 at Brgy San Isidro, Batangas City.

The recipient of said housing project is Mr. Danilo Linas of said Barangay who caught the attention of the Regional Director during an interview by a certain reporter on his situation after his house was flooded and destroyed by recent typhoon ‘Jolina’. The Regional Director then immediately tasked the RMFB4A to extend help to Mr Linas through ‘Project Silong.’

Isko inks ordinance on grant of general tax amnesty

MANILA — Manila Mayor Francisco ‘Isko Moreno’ Domagoso signed on Thursday an ordinance granting a general tax amnesty for delinquent business and real property taxes, as well as traffic violations committed in the city.

“The general Amnesty shall apply on all appropriate surcharges, penalties and interests incurred due to unpaid local business taxes, regulatory fees and

service charges; interest penalties on all classes of delinquent real properties (Residential, Commercial, Industrial and Special) within the territorial jurisdiction of the City of Manila; and penalties on all other overdue accounts,” Ordinance No. 8773 read.

The ordinance says the amnesty may be availed of only from Oct. 1 to Dec. 29, 2021.

Domagoso said the

tax amnesty will be granted to taxpayers or individuals who own, operate, or are engaged in any business enterprise within the city that has a delinquent account or unpaid business tax.

Owners and real property administrators who have declared for the first time may also avail of the amnesty, subject to back taxes as well as those who own or administer delinquent real
