

Gov. Remulla reports on COVID, unemployment status in the province

TRECE MARTIRES CITY, Cavite (PIA) --In a post in his FB Page yesterday, Cavite Governor Jonvic Remulla reported on the COVID situation and the present status of unemployment in the province.

According to Gov. Remulla, the data recorded by the Provincial Health

Office showed the number of COVID-19 positive cases tripled in the more than two months period from May 15, 2020 with 264 total cases up to July 8, 2020 now at 817 cases.

"This is how rapid the numbers are increasing with the loosening of the restrictions due to the lowering of the quarantine status from

ECQ to GCQ to allow for the opening of businesses and eventually jumpstart the economy," the Governor observed.

Meanwhile, on the status of unemployment in the province, Remulla cited the Department of Finance that 51% have either lost their jobs or are on a limited work schedule and have little to almost

having no savings left while 11% are unemployed but still have savings to get them thru for sometime.

"Despite these figures, the province let alone the country could not possibly afford to return to the ECQ status that will cause the economy to collapse," Gov. Remulla stated.

"On the other hand, the people should find the balance between health and livelihood to be able to survive this crisis. We are in crisis. People are having a difficult time. People are suffering. People are dying. The only thing that matters is that we put the country in the right direction."

LGU Bacoor amends EO 24 for expansion of Zapote 1-P Critical Zone

Bacoor City, Cavite (PIA) -- The local government here led by Mayor Lani Revilla ordered the amendment and expansion of the localized lockdown of Barangay Zapote 1-Proper Critical Zone and containment of the households of COVID-19 positive patients effective 12 noon of July 11, 2020 up to 5am of July 24, 2020.

This developed after the RT-PCR (Real Time-Polymerase Chain Reaction) testing in said area resulted to a clustering of a total of 19 confirmed cases by July 9, 2020, out of which 3 had died, and 16 are active cases plus several symptomatic suspects and probable cases who were reactive in their rapid anti-body tests.

With the said order, the total of the Zapote 1-P CrZ now consists of more than 1,500 households with boundaries moved to Rosal St., on the northwest (NW), Aster Extension on the northeast (NE), Campuput St., on the southwest (SW), and Camia St. on the southeast (SE) including the old Zapote market area and the Sampalukan area which consists of 400 families.

The order also states that the Zapote 1 Barangay Health Emergency Response Team (BHERT), in coordination with the City Health Office (CHO) and the City Contact Tracing Team (CTT) shall continue to carry out inventory and

Healthcare workers with CoViD-19 fully covered by PhilHealth

The Philippine Health Insurance Corporation (PhilHealth) reiterated anew that medical frontliners and allied workers are entitled to full hospitalization coverage should they contract Covid-19 for the whole duration of the pandemic.

The Agency made the announcement to remind all hospitals in the country that they should not be charging any co-payment against patients whose job is in the medical frontlines. The call is in support of President

Rodrigo Roa Duterte's appeal to afford healthcare workers and frontliners with all possible support in recognition of the risks they endure on a day-to-day basis to help treat patients of the dreaded disease.

The call was also in line with its Circular No. 2020-0011 issued on April 14, 2020 which guaranteed "full financial risk for Filipino health workers and patients against coronavirus disease". The said circular also defined health workers as "persons engaged

in health and health-related work, regardless of employment status, which include doctors, nurses, allied health professionals, administrative and support personnel in health facilities, utility and security personnel working in health facilities, health volunteers deployed in health facilities and staff and personnel working in government health agencies."

Aside from full coverage, these health workers are also entitled to PhilHealth

benefits for SARS-CoV-2 testing package ranging from P901 to P3,409 as stipulated in its Circular No. 2020-0017.

PhilHealth reminded that hospitals face sanctions should they be found to have refused admission or charged any co-payment to any health workers exposed and treated for Covid-19. It also asked for broader public support to invoke this privilege granted by law and to immediately report any information of abuse or negligence on the part of health care providers.

DA CALABARZON hands over mushroom production packages, free-range chickens & other agri interventions for Sampaloc farmers

The Department of Agriculture (DA) Region IV-CALABARZON through its Livestock Program handed over five mushroom production packages to personnel of the Municipal Agriculture Office (MAO) of Sampaloc, Quezon July 7, 2020 at the regional office's new home in Lipa City, Batangas.

The mushroom production packages will be distributed to qualifying farmers in the municipality of Sampaloc, Quezon as part of DA CALABARZON's continuous support to improve the mushroom production industry.

Earlier, Quezon 1st District Rep. Wilfrido Mark M. Enverga, Chairman of

House Committee on Agriculture and Food and Vilma M. Dimaculangan, Assistant Regional Director (ARD) for Research and Regulations of Department of Agriculture (DA) Region IV-CALABARZON distributed 100 heads of free-range chickens, crates, and other agricultural interventions to livestock farmers

July 2, 2020.

In coordination with the Office of Cong. Enverga of the 1st District of Quezon, the distribution of chickens and other agri interventions is part of the livelihood assistance program being implemented by DA CALABARZON.

Rep. Enverga said his office continues to work with the regional office to help identify the needs of the farmers and to serve as a strong voice in the lower house to raise the plight of the farmers for a bigger budget in agriculture and enact laws that will definitely support them in improving their production and income.

On the other hand, ARD Dimaculangan said the agricultural interventions will provide additional livelihood opportunities to farmer-beneficiaries.

Five heads of carabaos and five mushroom production packages will also be turned over to qualified farmers in Sampaloc. (PIA-4A/DA-RFO IVA, RAFIS

On Allegations of 'Abuse' by the President of the Anti-Terrorism Law

Obviously, the President was referring to the designation of the CPP-NPA as a terrorist group by the Anti-Terrorism Council in late 2017 as authorized by Sec. 11 of Republic Act 10168, the Terrorist Financing Prevention and Suppression Act of 2012, following the standards set by the United Nations Security Council Resolution 1373. It paved the way for the filing of a proscription case by the DOJ, which is now pending before a Manila Regional Trial Court.

Among the provisions of the newly signed Anti-Terrorism Act of 2020 is a restatement of Sec. 11 under RA 10168 - we simply added the mechanism for the

freezing of assets by the Anti-Money Laundering Council (AMLC).

Thus, there is nothing illegal in the action by the Chief Executive to proclaim that the CPP-NPA is a designated terrorist organization after the Anti-Terrorism Council (ATC) has ruled on the matter.

What I simply clarified when asked to comment on the declaration made by the President is the difference between designation and proscription. Designation is administrative and can be exercised by the Executive Branch through the ATC, while proscription is judicial which only the RTC (under the now-repealed Human Security Act of

been critical in our efforts to clean Manila Bay and the rivers draining from it during this community quarantine period. They were tasked with monitoring up to 10 kilometers of water bodies daily to ensure that these were kept free of solid waste," Pagador shared.

She said it is the commitment of DENR and the rest of the mandamus agencies to clean Manila Bay. "Our estero rangers were also kept busy coordinating with local government units to ensure that the collection and segregation of solid waste within their areas of responsibility remained unhampered," she furthered.

Estero rangers also undertook tasks such as the installation of trash traps in water bodies, eco-bricking, as well as assisted in the distribution of relief goods to communities.

Minimum health standards including wearing of facemasks and social distancing were observed by those involved during cleanup activities to protect them from the virus.

Relative to this, DENR appealed to the public to dispose properly their waste, particularly those used facemasks.

"We encourage the public to reduce, reuse and recycle their waste during this community quarantine to minimize generation of solid waste and prevent dumping in rivers and oceans as most of the people are staying at home," she added.

Of the 190-kilometer stretch of Manila Bay, 142 kilometers falls within Central Luzon, traversing the provinces of Bulacan, Pampanga and Bataan. (CLJD-PIA 3)

PaSSOver Project of DAR

To support its Agrarian Reform Beneficiaries (ARB) in this time of pandemic, the Department of Agrarian Reform (DAR) has prompted a contingency project scheme entitled The PaSSOver: To heal as One Deliverance of our ARBs from the Covid 19 Pandemic in order to sustain the needs of the front liners in the food industry.

On June 26, 2020, initial distribution of farm productivity assistance was given to ARBs held at Palangue 3 Covered Court in the municipality of Naic with selected ARBs in six Agrarian Reform Beneficiary Organizations (ARBOs) including Palangue Agrarian Reform Cooperative, Pacheco Agrarian Reform Cooperative, Barangay Bunga Tanza Farmers Association, Malainen Bago Gintong Palay Multi Purpose Cooperative, Daine 1and 2 Farmers Association, Inc. and Talipusngo and Magallanes Agriculture Cooperative.

Agricultural inputs were composed of Tomatoes (500 sq meters), Sitao (500 sq. meters) Okra (500 sq. meters), Corn, Ampalaya (500 sq. meters) and Squash (500 sq. meters) Seeds, fertilizers and plastic mulch were also distributed to the farmers.

Distribution of farm inputs were also initiated in the municipalities of Indang and Naic and Maragondon and Magallanes on June 29 and 30, respectively. -- Gina Perlado Pereña (with reports from DAR)

Sen. Lapid's bill pushes to protect delivery riders, drivers

Senator Manuel "Lito" Lapid has filed a bill which seeks to provide protection to delivery riders/drivers, by requiring food and grocery delivery service providers to establish a mandatory reimbursement scheme for cancellation of orders.

For months now, since the COVID-19 pandemic, most of the residents and workers are forced to stay at home and avoid crowded places that they usually visit such as restaurants and groceries. To sustain the public's need for food and household items, people now resort to delivery services wherein the delivery riders are the front-liners who take the daily risk of going out and ordering food or buying groceries and deliver them at the doorstep of their customers.

Unfortunately, these delivery riders have recently been exposed to unjustified cancellation of orders or even to in-

stances of "no-show" customers, despite the fact that they have already advanced or paid the ordered items.

"Masakit isipin na sa kabila ng panganib na hinaharap ng mga delivery rider para lamang makapagserbisyo sa mga customer at kumita ng maliit na halaga, sa huli, sila pa ang naloloko. Bukod sa nasasayang ang oras at salapi ng mga riders dahil sa pagkansela ng order, ang mas malala pa, may mga pagkakataon na ni hindi matuntun nag address ng nanlokong customer dahil sa fake address. Hindi tuloy sila mapanagot at naiwang lugi at abunado ang mga delivery riders," Lapid said.

Senate Bill 1677 requires the service providers to establish a reimbursement scheme in favor of delivery riders/drivers which will cover the entire amount of money advances to purchase the items, in case of cancellation of confirmed orders.

Reimbursements to the riders must be made within one (1) day from cancellation.

To facilitate collection against cancelling customers, this bill also requires the implementation of Know-Your-Customer (KYC) rules which will entail the submission and verification of proof of identity and residential address, subject to compliance with the Data Privacy Act of 2012.

"Sa hirap ng buhay ngayon lalo't nasa gitna tayo ng pandemya, lahat naman tayo ay gustong kumita. Kaya humahanga tayo sa mga gaya ng service riders na gumagawa ng paraan para kumita sa legal na paraan at malaki pa ang naitutulong nila para hindi na lumabas ng bahay ang ating mga kababayan. Kaya para masiguro na hindi na sila maloloko pa ng mga biglaang pagkansela ng order, dapat masiguro na ang mga umoorder ay magbibigay ng totoong pangalan at address," Lapid added.

Lapid's bill also penalizes repeated acts of unjustified cancellation of confirmed orders for the delivery of food and/or grocery items when the same has already been paid by the delivery rider/driver. If a customer cancels for at least three (3) times in a period of one (1) month, he/she, upon conviction, be subject to the penalty of arresto mayor or imprisonment of one month and one day to six months. The said customer will also need to pay a fine of an amount not exceeding P100,000.

Failure of the food and grocery delivery service providers to set up the reimbursement scheme is likewise penalized with a fine not exceeding Five Hundred Thousand Pesos (Php 500,000.00) and double the amount of money not reimbursed to their delivery riders/drivers.

Governor Jonvic Remulla hindi sinuportahan ang bagong back shield design

Nitong Hulyo 13, ipinabatid ni Governor Jonvic Remulla ang kaniyang hindi pagsuporta sa pinakabagong back shield design instruction ng IATF para sa mga nagmomotorsiklo at sakay nito.

Bagaman nagpasalamat ang gobernador sa pagpayag ng IATF sa Backride Policy para sa mag-asawa o

couples. Hindi naman niya kinatuwa ang paggawa ng make-shift barrier na suhestiyon ng ahensya.

"Unfortunately, kung sino man ang gumawa ng backshield design instruction ay kailanman hindi sumakay ng motor. It is dangerous, inconvenient and most im-

portantly, it does NOT make sense!" saad niya.

"Wasn't it based on the point that couples who live in 1 house makes transmission less possible? Sana sapat na ang naka-jacket, face mask, helmet, at couples pass mula sa barangay." dagdag pa ni Remulla.

Department of Education wants to thank Cavite Governor Jonvic Remulla for expressing his opinion and attitude in relation to funds implementation of Basic Education-Learning Continuity Program (BE-LCP). LGUS's Special Education Fund (SEF) is just one of the six (6) fund sources budget resources for BE-LCP so DepEd keeps on interacting with the LGU to adjust the connection fund of different learning delivery modalities to be implemented in schools. SEF is collected by the local government from real property taxes with the national government. The funds proceeds from SEF have regulation of Civil Service Commission (CSC), Department of Interior and Local Government (DILG), and DepEd. The Department has identified six (6) strategies to fund BE-LCP. This comes from internal and external fund sources: 1) Recalibration or re-programming of DepEd budget through alignment and modification of Programs and Projects (PAPs); 2) Using the available balance of School maintenance and other operating expenses (MOOE); 3) Using LGU-Special Education Fund (SEF) in partnership with LGUS; 4) Strengthened partnership with Development Partners and access to Official Development Assistance (ODA); 5) Extended School Brigade and expanded contributions of private sector; and 6) The proceeds of supple-
