SENATE CORNER

Anti-Terror Act

SENATE President Vicente Sotto III and Sen. Panfilo Lacson have stressed the need for Congress to come up with a new anti-terror law to deal with external and internal terrorism threats amid the government's self-reliance thrust.

Sotto, who is the principal author of the proposed Anti-Terror Act of 2020, and Lacson, who is the chairman of the Senate Committee on National Defense who sponsored the measure, said there is an urgent need for lawmakers to update the existing Anti-Terror law to give the military and defense agencies more teeth in addressing the growing threat of terrorism to the country, especially in Mindanao.

Sotto said their colleagues at the House of Representatives can come up with their own version of the measure, or adopt the version that was approved by the Senate on third reading last Wednesday, February 26.

"I believe our colleagues from the House understands the urgency of this bill to be enacted into law. I hope that they come up with their own version the soonest time possible so we can reduce the risks to the lives of our people," Sotto said.

'PHILIPPINE HIGH SCHOOL FOR SPORTS ACT OF 2019,' 'THE LAW ON THE PREVENTION OF TERRORIST ACTS OF 2020' APPROVED ON THIRD AND FINAL READING

The Senate of the Philippines has approved on Third and Final Reading two important bills authored/co-authored by Sen. Ramon Bong Revilla, Jr.

S. No. 1086, "An Act Creating and Establishing the Philippine High School for Sports and Providing Funds

therefor" aims to provide adequate training for students with athletic abilities for competitive sports to foster the holistic development of the youth and to prepare the students for a long-term career in sports development.

On the other hand, S. No. 1083, "An Act to Prevent,

HEALTH INSURANCE FOR 11,000 TRICYCLE DRIVERS IN PASIG CITY

AROUND 11,000 tricycle drivers and operators in Pasig City will soon enjoy health insurance coverage through the city's renewed partnership with state agency Philippine Health Insurance Corporation.

Sponsored by the City Government, the PhilHealth coverage will entitle the recipients to PhilHealth benefits when confined in accredited hospitals even outside of Pasig City. This is in line with Mayor Vico Sotto's program for health which has been one of his priorities as the youngest local chief executive in the country.

"Yan po kasing si Mayor Vico, ang number one priority talaga niyan ay health. Na-excite siya ng sabihin naming PhilHealth coverage ang gusto ng karamihan sa tricycle drivers. Sa P12B, P2B po ang inallot ni Mayor para sa health service ngayong 2020, Volta de los Santos, Vico Sotto's Head Executive Assistant and the current head of the Tricycle Operations Regulatory Office (TORO) said in an interview."

De los Santos said that this project with PhilHealth may be the first in their city and assures its continuity for the years to come. "Lagi po kasing nasa kalsada ang ating drivers, kung kaya't kailangang-kailangan nila ang PhilHealth coverage. Tuloy-tuloy lang po ang coverage nila at pinaglalaanan naman ito ng local government unit ng pasig.

Also, the TORO chief believes that the safety of drivers and their passengers are paramount. "Bukod sa PhilHealth coverage, magkakaroon din kami ng training sa first aid. Gusto po namin na magkaroon ng 11,000 na little doctors ang Pasig na kapag nagkaroon po ng aksidente sa kalsada ay handa sila.. Sabi ko nga kay Mayor baka first time ito sa lahat ng siyudad sa Pilipinas na ang tricycle drivers ay maging mga little doctors."

Many people would often ignore the importance of

having PhilHealth. They often see it as a time-consuming process to undertake or worse, an unnecessary expense. But time and again, de los Santos have personally proven that having PhilHealth coverage is not only financially smart, but also hugely beneficial to one's health.

"Ako kasi gumamit na po ako ng PhilHealth. Nung na-dengue 'yung dalawang anak ko nagamit ko rin po ito ulit. Nakita ko ang kahalagahan nito dahil siyempre mababawasan 'yung burden sa bayarin. At alam mo na anytime na tamaan ka ng sakit na hindi mo ini-expect na mangyari, may kaagapay ka sa pagbabayad ng mga bills. Biro ko sa mga drivers na nabigyan na ng PhilHealth, ngayon puwede na kayong magkasakit. Joke ko lang lagi sa kanila 'yun. Ngayon sabi ko sa kanila, huwag na kayong mangamba, may kaagapay na kayo sa pagkakasakit."

De los Santos also assured PhilHealth of the support of LGU-Pasig for its program and stressed the responsibility of every recipient for his health. "Sa mga kababayan nating Pasigueno,

ikinagagalak po ng TORO at ng administrasyon ni Mayor Vico na kami po ay isa na rin sa kaagapay ng PhilHealth para makapagbigay po ng serbisyo sa ating mga tricycle drivers patungkol po sa kanilang kalusugan. Alam po natin na ang ating National Government po ay nagbigay na po ng libreng PhilHealth membership sa mga indigents, member ng 4Ps, mga senior citizens at PWDs. At kami naman po ang 11,000 na mga operators at tricycle drivers po sa Pasig ay mabibigyan na po at mai-enrol na po ng libre sa PhilHealth sa taong 2020. Pero ganunpaman, sana po ay alagaan po natin ang ating kalusugan at alam ko naman ang PhilHealth po ay iniisip din nila na sana huwag nating magamit hanggat maari ang ating PhilHealth. Pero ang kagandahan lang nito, tayong alam natin na may kaagapay tayong kung saka sakali po sa darating na panahon na magkakaroon po tayong ng sakit," he stressed. (END)

# Nothing wrong with seeking foreign aid for Taal rehab: Palace

MANILA – Malacañang on Thursday said there is nothing wrong with seeking help from international organizations for the rehabilitation of areas in Southern Tagalog affected by Taal Volcano's eruption, Malacañang said on Thursday.

"Wala naman masama din humingi ng tulong para mas

lalong mahusay yung pagtulong sa mga nangangailangan (There's nothing wrong with asking help so that we can provide better assistance to

those in need)," Presidential Spokesperson Salvador Pan-elo said in a regular Palace briefing.

He said he has no

word in which countries have expressed the desire to provide assistance to Taal-affected areas.

Last month, the US committed to provide USD100,000 or about PHP5.1 million in relief assistance to the communities affected by Taal's unrest.

The aid was announced by US Ambassador to the Philippines Sung Kim himself during a visit at two evacuation centers in Nasugbu and Calatagan in Batangas.

President Rodrigo Duterte signed proclamation no. 906 on February 21 placing Region 4-A or Calabarzon (Cavite, Laguna, Batangas, Rizal, and Quezon) under a state of calamity to "hasten the rescue, relief, and rehabilitation efforts of the government and the private sector, including any international humanitarian assistance."

Pan-elo said despite

the volcano's eruption happening over a month ago, it was not too late to declare a state of calamity as rehabilitation will have to take place over a long period of time.

"They can never be too late in any declaration with respect to calamities. Pag may calamity siyempre matagal 'yan (When there's a calamity, it will take time to recover)," he said.

On January 20, Duterte urged Congress to pass a PHP30-billion supplemental budget to build more evacuation centers in Southern Tagalog provinces devastated by the eruption of Taal Volcano.

He made the call after the Department of the Interior and Local Government (DILG) sought additional funding from the Congress and Office of the President to augment the nearly "depleted

## DepEd Cavite eyes addressing gaps, conducts first LR Expo, Reading Exhibit

Over 200 guests consisting of teachers, parents, students, and school administrators gathered for the first Division of Cavite Learning Resources Expo (DCLRE) and Reading Exhibit held on January 24 at Trece Martires City National High School, Trece Martires City. The Learning Resources Management Section (LRMS) in partnership with the Curriculum Implementation Division initiated this event.

A Fresh Start

The DCLRE and Reading Exhibit is a one-day activity that aimed at collecting all evaluated and quality assured learning resources (LR) in the field. The learning resources showcased in the DCLRE are from Key Stages 1 to 4 which addresses the needs of all types of learners and strengthening the numeracy, literacy, and critical thinking skills across all learning areas.

The conduct of the DCLRE was patterned from the CALABARZON Learning Resources Expo, initiated by Region 4A-CALABARZON through the Curriculum and Learning Management Division in 2019, which aimed at collecting a rich array of innovative educational learners' and teachers' materials for use in all classrooms like modules, self-learning kits, assessment materials, activity sheets, and other non-print learners' material in all key stages.

Diverse Culture

Each of the 18 municipalities showcased their locally developed learning resources through an LR Booth which reflected the different cultures of the locale. The LR team of Maragondon and Kawit displayed exhibits of historical importance, while team Amadeo set up a small area for free coffee as part of their exhibit.

This expo also included a booth for the Alternative Learning System (ALS), where locally developed modules for ALS learners crafted by the ALS Mobile Teachers to
