PAYAPA AT MAAYOS

Natapos na ang filing ng Certificate of Candidacy (COC) noong nakalipas na Oktubre 8 ang huling araw, at may mga surprise candidates na humabol hanggang sa huling mga oras, kahit na alas kuwatro (4:00 pm) ng hapon.

Kahit na hindi pa nag- papalabas ng pinal na talaan ng mga kandidatong nag file na tunay na kwalipikado sa Mayo 2025, binigyang diin naman ng Commission on Election (COMELEC) na naging maayos at mapayapa pa ang paghahanap nila ng kandidatura.

Maging ang Philippine National Police (PNP) na nakaalerto at nagpa-tupad ng pinalawak na police visibility ay nagpapahayag din na ang lahat ay naganap nang matiwasay, tahimik at walang naitalang anumang kaguluhan kaugnay ng COC filing.

Sana lang, ang halalang gaganapin sa susunod na taong 2025 ay maging maayos din at mapayapa. Maaari namang mangyari ito kung ang mga kandidato at kanilang supporters ng magiging KALMADO SUSUNOD SA BATAS at IGAGALANG ANG HATOL NG MGA BOTANTE.

Ang mananalo, magpapasalamat at tumupad sa tungkulin ng buong katapatan at husay. Ang matat-alo, tatanggapin ang pagkatalo nang maluwag sa dibdib. Better luck next elections.

Ang bagong kalihim ng Department of Interior and Local Governments (DILG) na si Sec. Jonvic Remulla ay nagpahayag ng layunin niya at sisikapin na ang election 2025 ay ZERO CASUALTY.

Si Sec Remulla, Caviteño, matapang, masipag, mahusay at matapat. Sana nga, matupad ang kanyang hangarin. Ipagkalooob ito ng Panginoon.

God Bless and Help him., Suportahan din natin siya.

PhilHealth expands mental health coverage with new benefit package

By Alvin Delos Santos

TUGUEGARAO CITY, Cagayan – In a significant move to address the growing mental health needs in the Philippines, the Philippine Health Insurance Corporation (PhilHealth) has rolled out a new comprehensive benefits package under PhilHealth Circular No. 2023-0018: Outpatient Benefits Package for Mental Health (MH) aims to provide more accessible services for Filipinos grappling with mental health conditions.

Almira Cruz, information officer of the Public Affairs Unit of PhilHealth

Region 2, emphasized that the MH package covers a wide array of mental health services, including initial assessments, follow-up consultations, and essential laboratory or diagnostic tests.

“This package is designed to provide crucial support for mental health issues. It includes psycho-education and psychosocial support through the World Health Organization’s Mental Health Gap Action Program (mhGAP), delivered by primary care physicians. In cases requiring specialized care, interventions from

psychiatrists, neurologists, or psychologists may be availed,” Cruz said.

Comprehensive Coverage for Key Mental Health Conditions

The MH outpatient benefits package offers coverage for various mental health conditions, including but not limited to depression, psychoses, epilepsy, child and adolescent mental and behavioral disorders, dementia, and self-harm or suicide risks.

PhilHealth has set annual coverage amounts at Php 9,000 for general mental health services and P16,000 for specialized services.

Cruz explained that this financial support is crucial in ensuring consistent access to healthcare, particularly for marginalized groups.

“The coverage includes assessments by primary care physicians trained in mhGAP, up to 12 follow-up consultations, as well as laboratory and diagnostic tests. Medications listed under the Mental Health Medicines Access Program (mhMAP) are also covered, along with psycho-education and psychosocial support,” Cruz added.

Expanded Access for Patients 10 and Older

The mental health package is available to patients aged 10 and above. However, for neurological cases such as epilepsy or dementia, there are no age restrictions, broadening the reach of the package.

Patients seeking additional benefits, like psychotherapy sessions, will need to shoulder extra costs

beyond the PhilHealth coverage.

Health Facilities Encouraged to Get Accredited

Cruz urged health facilities across the country to seek accreditation with PhilHealth to ensure that mental health services are accessible to more Filipinos.

Accredited facilities providing general mental health services include rural health units, city and municipal health offices, level 1 and 2 hospitals, DOH Medicine Access Program-mental health access sites, and standalone mental health clinics.

Specialty mental health services, meanwhile, can be availed in accredited Level 2 and 3 hospitals with specialized staff, custodial care facilities, and national specialty centers identified by the DOH.

“To date, the rural health unit of Roxas in Isabela and the City Health Office of Santiago City have already secured their accreditation, and contracts are ready for signing,” Cruz revealed.

“This development underscores PhilHealth’s commitment to supporting the mental well-being of Filipinos, an issue that has gained increasing attention, particularly following the challenges posed by the COVID-19 pandemic,” she added.

She said the expanded mental health package reflects ongoing efforts of PhilHealth to integrate mental healthcare into the broader health system, providing much-needed relief for patients and their families. (ADS/PIA Region 2)

Manaoag records 3.2M tourist arrivals from Jan-Sept. '24

MANAOAG, Pangasinan – A Municipal Tourism Office executive is confident the 5.2 million tourist arrivals here in 2023 will be reached or even be surpassed since around 3.26 million arrivals have been recorded as of the end of September this year.

In a phone interview on Friday, municipal tourism operations officer Brendon Natividad said they expect to gain more visitors in the upcoming long weekends, the Christmas break, and during the Galicayo Festival in De-

cember.

Tourism office data show 623, 616 tourists visited the town in May or during school break.

The Minor Basilica of Our Lady of Rosary of Manaoag, believed to be miraculous, tops the tourist destinations in the town, with around 3.2 million visitors.

Other attractions include the Virgin’s Well in the village of Purago with 44,814 visitors in the first three quarters this year; Amber’s Paradise, a hotel resort, 15,518; One Alo Resort, 7,912; and

Baba’s Eco Farm, 433.

Natividad said faith tourism or pilgrim tourism is prominent in their town.

Aside from the Minor Basilica, the tourism office also offers a tour of the sampaguita farm in Barangay Baritao.

“We do small tours but it needs to be scheduled with us,” he said.

The less than one-hectare farm with around 10-25 Sampaguita farmers who are also the ones making garlands, can be a side-trip before visiting the Minor Basilica.

“They harvest the

flowers very early in the morning, so we should be there during that time to see how they prepare the garlands sold in our town,” he said.

Natividad added that they are also excited about the upcoming Paskuhan or Christmas events in the town and the annual Galicayo Festival on the first week of December.

Galicayo is a unique celebration of faith, culture, and arts in honor of the Our Lady of Rosary of Manaoag.

“We hope to even reach around six million tourist arrivals this year,” he said. source: (PNA)

MPT South’s total road network to 67 km. MPT South anticipates that the new segments, designed to reduce travel time and improve accessibility, will encourage more motorists to utilize the expanded network, boosting traffic flow across the region.

The enhanced expressway network is expected to support regional economic growth by facilitating faster, more efficient transport of goods and services between key industrial and commercial hubs in Southern Luzon.

“Aside from providing an enhanced driving experience for our motorists, our projects also aim to contribute to the region’s economic development by improving accessibility and connectivity,” said MPT South President and General Manager, Mr. Raul L. Ignacio.

Shortened travel times will bring additional benefits, such as reduced fuel consumption and lower vehicle emissions, contributing to nation-building and enhancing the quality of life for Filipinos.

MPT South announced it will allocate Php14 billion in capital expenditures in 2025 to support the construction and maintenance of its infrastructure projects.

“Despite the challenges we face in construction, such as the timely delivery of right-of-way and the recent typhoons, we are working around the clock to ensure the completion of these vital infrastructure projects by the end of 2025,” Ignacio added. (PIA-Cavite/MPT South)

PHLPost resumes issuance of Postal ID as functional card

MANILA, (PIA) — The Philippine Postal Corporation (PHLPost) has announced the resumption of the issuance of the Postal functional card, commonly known as the Postal ID. This service began on October 15, 2024, at all capturing and registration Post Office sites across the country.

The Postal ID serves as an address verification tool, ensuring the correct delivery of letters and parcels. Recognized as a government-issued ID, it allows both government and private institutions to verify a recipient's identity and address, aligning with practices adopted by postal administrations worldwide.

For enhanced security, PHLPost offers a Postal ID (PID) Online Verification System (POVS). This web portal enables end-users, such as private companies and government agencies, to confirm the authenticity of the Postal ID presented to them.

“Government entities and private institutions can rely on the Postal ID for identity verification, particularly for passport applications at the Department of Foreign Affairs (DFA),”

PHLPost said in a statement.

To apply for a Postal ID, the public is advised to visit PHLPost's official website at www.phlpost.gov.ph for a list of capturing and registration locations. Applications must be submitted on-site, where individuals will have their picture, fingerprints, and signature taken. The process is designed to be straightforward, provided that all requirements are met.

As this developed, Postmaster General Luis Carlos warned the public about potential scams related to Postal ID processing.

“We expect a surge in applications, and the public should be vigilant against scammers trying to obtain personal information through text messages or social media,” Carlos said. “Apply for a Postal ID only at PHLPost offices. Do not share personal or financial information through unofficial channels.”

For three years, is widely accepted for postal transactions globally, recognized by the Universal Postal Union, which encompasses 192 postal administrations. The ID will be delivered directly to the recipient's mailing address, further verifying the cardholder's information.

To improve accessibility, PHLPost plans to introduce PID mobile enrollment services in barangays, business companies, organizations, and events.

Additionally, the organization is enhancing its mail and parcel delivery systems through initiatives such as the establishment of Barangay Postal Stations, a new seven-digit alphanumeric ZIP code system, and the Kartero App (K-App) for real-time tracking of Postal ID Card deliveries.

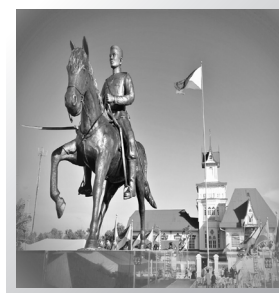

“Address verification is a fundamental service offered by postal administrations worldwide, and we are committed to bringing our services closer to the community,” Carlos added.
