SENATE CORNER

HONTIVEROS TO
FAELDON: WHEN
WILL YOU RESIGN?

Akbayan Senator Risa Hontiveros on Monday grilled Bureau of Corrections (BuCor) Director Nicanor Faeldon on apparent irregularities in the implementation of the Good Conduct Time Allowance (GCTA) law, saying that the potential merits of a good measure are being corrupted by preferential treatment of certain high profile inmates, most notably convicted rapist and murderer Antonio Sanchez.

During the hearing of the Senate committee on justice, Hontiveros asked Faeldon point blank when he would leave his post.

"Sa ganitong kaliwa't kanan na kapalakan, pagkukulang tungkol sa GCTA, mga importante pero simpleng tanong na mahirap sagutin dito sa komite na dapat alam na alam n'yo agad, kelan po kayo magre-resign sa inyong puwesto bilang BuCor head, Usec?" Hontiveros asked.

Faeldon replied that he would defer that to the appointing authority, President Rodrigo Duterte.

When pressed by Hontiveros, asking his own opinion whether he should leave his post or not, Faeldon said that he will not resign.

"I believe no," Faeldon said.
"You believe no? Bakit po? Do you believe you're doing a good job?" Hontiveros asked again.

"Yes, Ma'am," Faeldon answered.
"You believe that you're doing a good job? So far, ang lumalabas sa committee hearing na ito would point in the opposite direction," Hontiveros fired back.

Hontiveros then asked Faeldon to read Section 6 of Republic Act 10952, the penal clause of GCTA law.

"Section 6 of the law imposes a penalty of one (1) year imprisonment, a fine of One hundred thousand pesos (P100,000.00) and perpetual disqualification to hold office to any public officer or employee who violates the provisions of measure.

SSS urges employers to avail of the
penalty condonation as deadline nears

The state-run Social Security System strongly advised the more than 100,000 delinquent employers to avail of the Contribution Penalty Condonation Program (CPCP) as its September 6 deadline draws closer. The transitory clause of the Republic Act No. 11199 or the Social Security Act of 2018 provides that a Contribution Penalty Condonation Program will be implemented for six months from its effectivity in March 2019.

Instead of waiting for the last day, we strongly urge all delinquent employers to immediately apply for the condonation program to settle the unpaid premiums of their employees and have the incurred penalties waived. You have until September 6 to avail of the program and bring back your records to good standing,? SSS President and Chief Executive

Officer Aurora C. Ignacio said.

As of July, the SSS has already collected P795.97 million unpaid premiums from 31,774 employers benefiting 307,578 employees. The pension fund has also condoned P1.67 billion worth of penalties.

Only a few weeks are left before the deadline, yet more than 70 percent of delinquent employers who have not yet availed of the CPCP. We are urging employers to take advantage of this big opportunity to avoid facing criminal liability and help their employees claim the benefits due to them without any delay. Employers have the option to pay their unpaid contributions in full amount or through installment payment with only six percent interest per year,? Ignacio added.

SSS warned employers who continue to violate the SS Act

of 2018 that they will be obliged to pay the corresponding penalties and will face imprisonment ranging from six to 12 years and will have to pay a fine ranging from P5,000 to P20,000.

Under the new law, the penalty imposed on unpaid contributions was reduced to 2 percent.

Those who are qualified to avail the program are employers with unpaid contributions; employers who have not yet registered with SSS, including household employers; employers who have pending or approved proposals under the installment scheme of SSS including those with pending or approved applications under the program for acceptance of properties through dacion en pago; employers with cases pending before the Social Security Commission, Courts or Office of the Prosecutor; and

Meanwhile, Ms. Ramento introduced different types of PhilHealth membership such as Formal Economy member, Informal Economy member, Senior Citizen Program member, OFW members and Lifetime members. To qualify for a Lifetime membership, the particular member should be more than 60 years of age at the time of application, no longer an income earner and has paid 10 years' worth of PhilHealth contributions. An open forum followed after the discussions and different questions and queries of the elderlies were answered and clarified. A closing remark from Ms. Edelyn V. City, Laguna with eight interchanges in Kawit, Daang Hari, Governor's Drive, Aguinaldo Highway, Silang, Sta. Rosa-Tagaytay, Laguna Boulevard, Technopark and a Toll Barrier before the South Luzon Expressway (SLEX).

"Once completed with the road alignment, it will only take from 45 minutes to an hour from the usual two-hour travel time taking the same route to CAVITEX," Villar added.

He said the CALAX Laguna segment spanning the first 10 kilometers will open next month from the Mamplasan Barrier and passes through Laguna Technopark Interchange, Laguna Boulevard Interchange all the way to Santa Rosa-Tagaytay Interchange.

"Those coming from Laguna, going to Tagaytay City would be able to use the road and travel faster and initially the DPWH is looking at some 10,000-traffic volume of road users who are expected to reach around 50,000 road users, once the new CALAX-Laguna portion becomes fully operational," the DPWH secretary said.

This would decongest the number of road-users along the usual route at SLEX, going to Sta. Rosa City in Laguna and up to Silang and Tagaytay City and those passing through Governor's Drive, Aguinaldo Highway in Cavite.

The CALAX project is seen to benefit the growing industrial, commercial and real estate centers in this part of the Southern Tagalog Region.

He maintained the DPWH projects are on target as these are just estimates with the Cavite side where road right of way acquisitions are ongoing and targeting to finish the entire 45-kilometer stretch up to Cavite before the end of President Duterte's term.

"The indicative toll is around PHP4 pesos per kilometer," he said.

In terms of connectivity with the transport system, Villar said they have coordination with the Department of Transportation (DOTr) for other projects like the North Luzon Expressway Harbor Link, as the rail going to Clark passes through it and in Metro Manila where DPWH and DOTr have common alignments.

"By next year, we will start the special road going to Sangley Airport. We already have a plan and detailed engineering to also rehabilitate the roads at Sangley Point, with an alternate road that would be faster to reach the Sangley airport," the DPWH chief said.

He also told media that the DPWH has already disbursed last year around 80 percent of their infrastructure projects where the obligation rate for the awarded projects has reached 93 percent, the highest so far in DPWH history.

He also assured some projects would be completed before 2022 while DPWH is also making the pipeline so that other big-ticket projects would continue even after President Duterte's term.

He also clarified the alleged delay in some of the DPWH's PHP 118.4-billion projects where there are some requests for extension by the project contractors owing to weather conditions like those in the typhoon-affected areas which could affect the timeline.

"Those with capital outlay from the regular funding are different because we also have multi-year for big-ticket projects which could not be completed in one year but rather with two-year timelines," he explained.

He also assured the integrity of all DPWH projects that have passed seismic-rated standards, which could withstand a strong earthquake.

He noted investors' confidence in looking at the Calabarzon (Cavite, Laguna, Batangas, Rizal and Quezon) as the "next big thing" to Metro Manila with the on-going Toll Road Expressway (TR 4) which connects Laguna and Batangas to Quezon.

"By this quarter, we are completing the full-blown feasibility study of the Quezon-Bicol Expressway in preparation for its construction next year," he divulged, citing the major expressway network in Southern Luzon.

"So, there's this big potential of the Calabarzon and it is right for investors to invest here owing to several infrastructure projects," he added.

He expressed optimism on the dynamism of their "Build, Build, Build" projects and DPWH is refreshing the data on their list of ongoing projects to be submitted to the National Economic Development Authority (NEDA).

Meanwhile, MP Cala Holdings Inc. president Bobby Bontia said they are looking forward to deliver the full 45km by the second quarter of 2022.

He said faster, safer, and more comfortable and a reliable route will be experienced by motorists traversing the Cavite, Laguna and South Luzon areas.

He explained that CALAX features the installation of Automatic License Plate Recognition System enabling barrier-less entry; IP-based Speed Detection Cameras; High Definition (HD) CCTV coverage for the entire stretch of the expressway to ensure safety of the motorists including security, and maintenance centers. source:(PNA)

PSA 4A partners with private entities through consultative forum

The Philippine Statistics Authority (PSA) Region 4A and PSA Batangas recently led the Consultative Forum and Data Dissemination on the result of survey and census related to the Philippine Business and Industry (PBI), and establishment list updates at Hotel Marciano in Calamba City last August 19.

The activity enjoined representatives from private companies of Batangas Province as their respondents in data collection and to develop their appreciation of the data being gathered by the agency in a regular basis.

Parts of the program are the Consultative Forum on the 2018 Census on PBI (CPBI) and Input-Output Survey on PBI (IOSPBI) and Data Dissemination of the 2016 Annual Survey of PBI (ASPBI) and 2018 Updating of the List of Establishments (ULE).

PSA Batangas Chief Statistical Specialist Raul Maximo B. Tolentino said, "Kayong mga establishments, kayo ang aming mga partners sa aming activity na ito because napakahalaga ng inyong role sa aming estimation ng ating economy ng Calabarzon."

(You, the establishments, are our partners in this activity because your role is vital in our estimation of Calabarzon's economy.)

He also encouraged the representatives of private establishments to continuously support their data collecting initiatives by filling out the questionnaires being given to them from time to time.

"For the improvement of our economy and the quality of life of the Filipino people, the PSA is designated to conduct the 2018 CPBI and IOSPBI," PSA 4A Regional Director Charito Armonia explained.

The census aims to collect and generate information on the levels, structure, performance and trends of the economic activities of the formal sector of the economy for the year 2018, as she explicates.

"The statistics that would be generated from the CPBI and IOSPBI are to be used in the computation of the Gross Domestic Product of the country," she added.

GDP, as she noted, is a very important indicator of the country's

economic performance and development. The data will also be useful in the revision and rebasing of the GDP indicators from year 2000 to 2018.

She emphasized the importance of collecting the required and correct information from the agency's sample establishments to have a "more or less true picture of the country as well as the region's economy."

"The result will also be used by our planner to see which economic sectors would provide investment opportunities and which sectors would need more assistance from the government."

In the regional level, these data will be used in the estimation of the Gross Regional Domestic Product.

"The region's economy continues to grow as indicated in the 7.3 percent growth in 2018 based on the data you have given to us. Maybe due to the growth in the industry sector at 7.9 percent and in particular, the manufacturing sector with 8.0.," she said addressing to the establishment representatives.

Senior Statistical Specialist Charly O. Bautista presented the Uses and Significance of Establishment Data while Statistical Specialists from PSA Batangas, namely, Maria A. Ramirez and Rodolfo L. Vergara taught the participants how to fill out the 2018 CPBI questionnaire.

Moreover, Statistical Specialist II Silver M. Quiatchon tackled the process of Filling Up of Manual IOSPBI Questionnaire and Online Questionnaires for CPBI & IOSPBI.

Quiatchon and Ramirez took the honor of leading the data dissemination of the results of 2016 ASPBI and 2016 ULE, respectively.

PSA wishes to attain its goal of 95 percent collection of data. "We are thus appealing to your utmost and full cooperation in the submission of the filled-up questionnaires to the PSA," she pleaded. Same consultative forums shall be conducted for the other provinces in the region such as Laguna, Cavite, Rizal and Quezon since Region 4A is second to the National Capital Region (NCR) with the most number of sample establishments for the 2018 CPBI and IOSPBI. CAVITE PROMOTES...FROM P1

officers of the Federation of PWDs in Cavite, city/municipal Public Employment Services Office (PESO) Managers; and some representatives from the private companies, all thankful for the provincial government's initiative to raise awareness among them the provisions of the RA 10524 or the Magna Carta for Persons with Disability, especially on inclusive employment. The orientation on the act expanding the positions reserved for PWDs was led by Mr. Ritchmon Jose from the Department of Labor and Employment (DOLE-IV-A), discussing its aim to give PWDs equal opportunity for employment. Aside from the nitty-gritty of the act, Mr. Jose left everyone with an important quote from Scott Hamilton saying that "The only disability in life is a bad attitude," which was agreed upon by many.

In addition, a tax technician from the Bureau of Internal Revenue (BIR), Ms. Perlie Ann Garcia highlighted the tax incentives for employers hiring PWDs, sharing that private companies that employ PWDs are entitled to a gross income deduction equivalent to 25% of the total amount paid as salaries and wages to them. Ms. Garcia also tackled discounts that establishment should give PWDs.

Meanwhile, in order to show commitment to the theme "Lokal na Pamahalaan, Kabalikat sa Pagtupad ng Karapatan ng mga Taong may Kapansanan," PESO manager of Bacoor City expressed interest of organizing same forum at the city/municipal level to educate employers as

we can consider this activity as a unique opportunity for the attendees." Gabatan also thanked the faculty, advisers, and teachers of TMCSHS in collaborating with the PCLEDO to come up with this caravan.

The highlight of the event was a lecture on Entrepreneurial Mindset by Mr. Paulo M. Tibig, Chief Executive Officer and President of V-Cargo Worldwide and author of #EntrepChamp entitled "Discovering Your Entrepreneurial Potential".

The speaker provided insights on successful entrepreneurship

sharing the hindrances that makes one unsuccessful like ningas-cogonmentality, the Negosyo Mindset Barriers, the need to focus on the direction, among others.

He stressed that there is no shortcut to entrepreneurial success. It has to be worked on, planned and achieved.

He also encouraged everyone to bring out the champion in themselves sharing the five values of a good entrepreneur: Commitment, Hard work, Attitude, Motivation, and Prayer. (Ruel Francisco PIA-Cavite/with reports from PICAD)

well as PWDs and their families, seeking for partnership with PDAO for strict implementation of RA 10524 in their respective cities/municipalities. Others shared their best practices and their programs that reach out to PWDs like the tulong-puhunan, nego-cart projects and more for their livelihood.

These advocates were welcomed by Administrative Officer Felimon Nueva of the Department of Public Works and Highway (DPWH), saying that the PWD Council is always welcome to use their facility; while on behalf of Governor Jonvic Remulla, guests and attendees were greeted by Provincial Administrator for Community Affairs Alvin Mojica, thanking DPWH for accommodating participants. Also, Mr. Mojica proudly shared that the provincial government has already employed a total of 44 PWDs as of 2018, telling that PGC will continue to hire PWDs with qualified skills that will match the job description of a certain position. Likewise, Ms Tina Puyat from the Office of Board Member Dennis Lacson who heads the Committee on Women, Family, Children, PWDs, Elderly and Social Services at the Sangguniang Panlalawigan pledged for creation of ordinances in the province that will protect PWDs and help them further develop.

On the other hand, Disability Affairs Officer IV Ms. Maris Haloc, head of PDAO, provided everyone with the definition of PWD which according to the United Nations Convention on the Rights of Persons with Disabilities include those who have long-term physical, mental, intellectual or sensory impairments which in interaction with various barriers may hinder their full and effective participation in society on an equal basis with others. However, Ms. Jossa Carreon, a Youtube influencer who has orthopedic disability has her own definition for PWD. Ms. Carreon told listeners and her followers that as for her, PWDs stand for Persons with Determination. She was able to open the minds of everyone inside the room with her words of motivation – to embrace differences and be proud because there's always hope.

Since not having equal opportunities can put one at the back of the pack, PDAO has also invited the Operations Lead of Project Inclusion Network, Mr. Jim Nemeño from the Unilab Foundation, for the discussion on Access to Work Model: Breaking Barriers to Work Place. Mr. Nemeño started his presentation with true stories of employed PWDs to catch attention of participants. He was able to teach how to empower PWD jobseekers through career coaching facilitation; plus how to enable disability readiness of employers and how to engage strategic sectors by partnering with different organizations for a holistic access to work model. Mr. Nemeño also disclosed that 90% of PWDs perform at par or even better with their co-workers as per the Global Disability Inclusion, proof that hiring PWDs is really a win-win situation in the society.

In closing, Provincial Social Welfare and Development Officer Fely Servañez thanked everyone's cooperation and contribution to achieve an enabling workplace for PWDs in Cavite. With more than 42,000 PWDs in the province as of year 2018, the government must continue to encourage private companies to believe when PWD jobseekers say "I can do that."

Cops nab Calabarzon's No. 2 most wanted person

CAMP VICENTE LIM, Calamba City - A murder and carjacking suspect tagged as No. 2 most wanted person in the Calabarzon Region, was arrested by police operatives on Thursday afternoon in Barangay Cantabaco, Toledo City, Cebu where he hid for almost 16 years.

In a press conference on Friday at this regional police command here, Police Regional Office (PRO4A)-Calabarzon regional director, Brig. Gen. Edward E. Carranza, with Police Col. Serafin F. Petalio II, head of the regional police intelligence division (RID), presented the handcuffed suspect Marvin Opamin Dupal-ag alias "Marvin" who refused to be interviewed.

"The suspect hid for almost 16 years after he committed the crime of murder in 2003, however with the joint efforts of our intel operatives and the cooperation of the community, Dupal-ag was arrested yesterday afternoon," Carranza said.

He commended the operating units of the RID4A headed by Petalio, Police Regional Office 7 and joint operatives from city police stations of Toledo City, Cebu and Dasmariñas City, Cavite, where

Brig. Gen. Edward E. Carranza

Dupal-ag committed the crimes of murder, frustrated murder, and carjacking.

Carranza also vowed to intensify its anti-criminality operations against wanted persons in line with President Rodrigo Duterte's campaign against illegal drugs and criminality.

"We shall remain firm in our stance to put these criminals behind bars," he said.

Dupal-ag was captured through a warrant of arrest issued by Judge Norberto Quisumbing Jr. of the Regional Trial Court (RTC) Branch 21 in Imus City, Cavite on March 3, 2008.

According to police record, Dupal-ag is an alleged

member of the Notorious South People (NSP) gang operating in Southern Luzon, who happened to recruit members for the criminal group.

It was during one of the NSP gang's illegal recruitment schemes when Dupal-ag murdered an alleged recruited victim named Jerson Joseph Beltran Cabayan on Nov. 9, 2003 in Dasmariñas City and eluded arrest after committing the crime.

Another warrant of arrest was also issued against the suspect by Judge Fernando Felicen of the same regional trial court on Oct. 13, 2008 for frustrated murder and for violation of Republic Act 6539 or the Anti-Carjacking Act of 1972.

The cases stemmed from the suspect's frustrated murder charge on another victim Dave Medina Barazaga on July 15, 2007 and forcibly took away the victim's four-wheeled vehicle.

Carranza appealed to the public to report any incident and whereabouts of criminal suspects.

"Let the rule of law take its course and that justice will be served," he said. SOURCE:(Robert A. Maico/PNA)
