Villanueva: DOLE, DOH must ramp up efforts to hire healthcare worker affected by deployment ban

The Department of Labor and Employment (DOLE) should raise its co-ordination efforts with the Department of Health (DOH) in facilitating the hiring of healthcare workers whose overseas deployment has been suspended indefinitely by the government due to the COVID-19 pandemic, according to Senator Joel Villanueva.

Villanueva, chair of the Senate labor committee, explained that healthcare workers were caught in a bind when the ban was implemented in April. Aside from their incomes, healthcare workers also spent for other employment requirements such as language proficiency and other relevant certifications that would eventually expire.

"While we understand that the intention was clear, the ban impacts the ability of healthcare workers to provide for their families. The government should make good on its commitment to hire healthcare workers, especially those affected by the ban," Villanueva said in a statement.

"We must understand that our healthcare workers have spent significantly on their requirements. There is no guarantee that our government would reimburse them for their expenses, so the least it can do is facilitate and expedite their hiring in our healthcare system," the lawmaker continued. "Otherwise, if we cannot follow through our commitment, we might as well just lift the ban altogether."

Villanueva also sought clarification from the labor department on the supposed coverage of affected healthcare workers to its Abot Kamay sa Pagtulong (AKAP) financial assistance program for overseas Filipino workers.

Under the program guidelines, qualified OFWs

must either be displaced due to their host country's imposition of lockdowns or community quarantines; must either

LGU Imus extends help to SAP beneficiaries not included in payout

Imus City, Cavite (PIA) -- The local government here announced the granting of financial aid to qualified beneficiaries of the Social Amelioration Program (SAP) of the Department of Social Welfare and Development (DSWD) but was not included in the payout distribution.

To address the problem, Mayor Maliksi established the Imus Grievance and Redress Committee Hotline number that focused on the complaints of the affected Imuseños with thousands of beneficiaries that turned out from this service.

Thus, the city government came up with their financial subsidy programs: the Imus Expanded SAP amounting to Php6,500.00 cash aid to be given to eligible household qualified under the DSWD SAP national program but were not included in the payout, and the Lingap Imuseño Assistance program amounting to Php2,000.00 to be given to all eligible household that were not qualified under the

programs of the DSWD like the SAP, 4Ps, Senior Citizen pension; Imus Extended SAP; DOLE TUPAD, CAMP and all other financial aid of any other agencies under the national government.

Mayor Maliksi was grateful for the combined efforts of the employees of the City Social Welfare and Development Office, City Treasurer's Office, Liga ng mga Barangay, and other volunteer personnel from the different offices of the city government who tirelessly evaluated and processed the applications of said beneficiaries.

He proudly said, "Ulanin man ng batikos, buo ang loob ng bawat isa na manatili sa pagseserbisyo, umulan man

MAYOR MANNY MALIKSI o umaraw, umagahin man at dilimin, hindi alintana ang pagod at panganib sa kalusugan ng bawat isa makapaglingkod lamang. Maraming salamat sa inyo."

(No matter what they say, everyone is determined to overcome the fatigue and risk to health of every one who serves. Thank you very much.)

NEWS UPDATE

PhilHealth's Interim Reimbursement Mechanism (IRM)

The Interim Reimbursement Mechanism (IRM) is an emergency cash advancement measure applied by PhilHealth to provide hospitals with an emergency fund to respond to unanticipated events like natural disaster and calamities.

When the Covid-19 global pandemic was declared in February 2020, and drawing from the modeling forecast available at the time, PhilHealth prepared an IRM response equivalent to 90 days of annual historical benefit claims to be made available to all health care institutions nationwide including dialysis centers and lying in clinics. This requirement was estimated to be P30 Billion.

Since the emergence of the first locally transmitted Covid-19 cases in February, the following pattern has emerged that will require PhilHealth to recalibrate its IRM response:

- The disease is concentrated only in high population density areas like the NCR and Regions 3, 4, 7 and 11. Many areas exhibit low or Covid-19-free incidence. PhilHealth's strategy is to provide IRM to all referral hospitals and laboratories in all provinces. This has already been achieved.

- Government's anti-Covid 19 strategy will entail expanded targeted testing and subsequent quarantine of confirmed individuals. This will require funding which will fall on PhilHealth.

- Financial sustainability of the anti-Covid-19 response. With still no vaccine in sight PhilHealth will take the prudent path to ensure that sufficient funds continue to be available to protect all citizens from the severe impact of the pandemic.

To date PhilHealth has released a total of P13.8 Billion to 599 health care institutions nationwide, P7.3 Billion or 53% of which was released to private institutions. Of this, almost P4 Billion or 29.7% was released to NCR, the ground zero of Covid-19. PhilHealth will now scale down its IRM release and preserve its funds for the anticipated expanded targeted testing required by the national anti-Covid 19 strategy. Further releases will be selective and following above mentioned considerations. Mabuhay ang PhilHealth! Mabuhay ang Pilipinas!

IMEE: BEWARE NEW WAVE OF TERRORISM AMID COVID-19

The continuing delay of rehabilitation efforts in Marawi aggravated by the Covid-19 pandemic provides fertile ground for a new wave of terrorism in the country, Senator Imee Marcos said.

Marcos issued the statement on the third anniversary of the Marawi Siege, which coincides with the start of Eid ul-Fitr, celebrating the end of fasting during Ramadan.

"Our military is overstretched. We may render them inutile, ordering them to be Covid frontliners assisting in the delivery of medical and food supplies, on

top of keeping the peace in troubled zones. Many anti-government forces could take advantage of the situation and the frustration of Marawi's homeless," Marcos said.

"Marawi will remain volatile as long as its residents are condemned to be 'bakwits'. Let them go home soonest, three years' exile has been an eternity!" Marcos added.

Military clashes have occurred in Lanao del Sur, Maguindanao, and Sulu with terrorist groups like the Abu Sayyaf, Bangsamoro Islamic Freedom Fighters, as well as remnants of the

Outstanding Environmental Educator Bags 2020 NAST Environmental Science Award

Her outstanding and significant contributions and research projects in environmental conservation and protection led to Dr. Emilyn Q. Espiritu of Ateneo De Manila University (ADMU) winning this year's NAST Environmental Science Award (NESA) given by the National Academy of Science and Technology,

Philippines (NAST PHL), in partnership with the Department of Science and Technology (DOST) and Department of Environment and Natural Resources (DENR).

Among a number of other outstanding finalists, Dr. Espiritu was chosen with her winning entry entitled "Assessment of quantity and

quality of microplastics in the sediments, waters, oysters, and selected fish species in key site along the Bombong Estuary and coastal waters of Ticalan in San Juan, Batangas".

Dr. Espiritu, a pioneer in the field of Ecotoxicology in the country, is a known expert in water quality and water pollution, and for her stud-

Dr. Emilyn Q. Espiritu lies on different environment pollutants, particularly microplastics. Her works have raised awareness and insights on environment pollutants and its effect to the environment.

LETTERS FROM DAVAO

By Jun Ledesma

Saving PAL and CebuPac

OUR two airline firms are crash landing and we passengers are in them. This, on account of the pandemic which hit the tourism industry and air travel right on the solar plexus. Sad and worrisome.

The initial reaction was to seek government subsidy but the government is already heavily saddled with financial problems as it has to grapple with social amelioration outreach programs to help the marginalized cope with the horrendous problems that we, like other countries, are beset with.

Airline companies have to think out of the box and, like what is happening today in every home, PAL and CebuPac should make adjustments in order to survive. These two companies after all are not the sole business of the owners. They are among our progressive zaibatsus and transporting their own products to various points in the country will keep them partly afloat.

The challenge is survival and maybe with a little profit. PAL for example can convert half of its passenger space for cargo. But they have to reduce their freight charges by at least 40%, after all, isn't it that the cost

FEATURE

By Jimmy E. Guzman

Marahil marami sa atin ang inip na inip na para mamasyal. Pero teka, bawal muna. Mahirap na, hindi natin nakikita ang kalaban – ang kalaban na corona virus disease o mas kilalang COVID-19.

Salamat sa teknolohiya at naiibsan ang ating pagka-inip. Kaya habang ang halos lahat sa atin ay “Stay at Home,” sulyapan muli ang ilan sa mga natatanging lugar sa Rizal Park o mas kilala bilang Luneta kasabay na rin ng pagdiriwang ng National Heritage Month.

Sa pusod ng makasaysayang Lungsod ng Maynila makikita ang Luneta o kilala rin bilang Rizal Park dahil dito nakatayo ang bantayog ng ating pambansang bayani na si Dr. Jose Rizal na dinisenyo ng bati-kang Swiss artist na si Richard Kissling.

Makikita rin sa Luneta Park ang Lights and Sound Complex ang lugar kung saan matatagpuan ang pagpapakabayani ni Dr. Jose P. Rizal.

Ayon sa National Parks Development Committee (NPDC) sa naturang lugar na ito pinatay si Dr. Rizal. Sa mga panahong iyon ng ating mga ninuno, ang Luneta ay tinatawag na Bagumbayan.

Malapit sa lugar na ito tampok ang kaakit-akit na Rizal Park Central Lagoon Musical Dancing Fountain na kinagiliwan ng madla.

Malapit sa bahagi ng parke, sa may United Nations Avenue, ang pinalaking relief map ng Pilipinas na nakalutang sa tubig.

Ang makasaysayang Quirino Grandstand ay naging saksi na ng mayabong na historya ng bansa. Dito nanumpa sa katungkulan ang ilang Pangulo ng Republika at karaniwang pagdausan ng mga malakihang event gaya ng mga konsyerto at fun run.

Masisilayan din sa Luneta Park ang tinaguriang Japanese Garden kung saan makikita ang isang lagoon at bridge. Ang na turang garden ay itinayo bilang tanda ng pagkakaibigan ng bansang Pilipinas at Japan. Sa isang banda ng Luneta Park ay mabibisita din ang Orchidarium.

Kilala rin ang Luneta na dinarayo ng maraming bata na naglaro sa mga “interactive” na atraksiyon nito, gaya ng children’s playground.

Ilan lamang yan sa mga lugar sa Luneta Park na siguradong miss na miss nyo nang pasyalan. Pero ngayon, Bahay Muna. Buhay Muna.

Kaya’t tara na! Hinikayat ko kayong mamasya gamit ang inyong browser, o kaya naman ay bisitahin at i-like at din ang official Facebook page ng National Parks Development Authority: www.facebook.com/NPDC.PH/ upang magsakihan ang pinagandang Rizal Park.

Hindi na umano kailangan pang magtungo sa mamahaling Theme Park dahil libre lamang na mapanood ang nasabing atraksiyon kasabay ng iba’t-ibang cultural shows. (PIA-NCR)

PGC issues guidelines to assist locally stranded individuals

By Ruel B. Francisco

TRECE MARTIRES CITY, Cavite (PIA) -- The provincial government here laid out the guidelines for the assistance to locally stranded individuals (LSIs) in different cities and localities in the province.

LSIs can be workers, students, tourists, individuals stranded in different localities while in transit and other stranded individuals who expressed their intention to return to their place of residence/home origin.

The process will start with the notification of the LSI to the barangay for the desire to return to their hometown with the latter gathering information like name/s of the individual/s, place of origin and destination, estimated date of travel and the name of driver and information about the vehicle to be used.

This information will then be forwarded to the LGU thru the Local COVID-19 Task Force to facilitate the issuance of pertinent documents needed prior to departure.

The documents include a medical clearance certification issued by the City/Municipal Health Office certifying that: LSI is neither a contact, suspect, probable nor a confirmed case, and; had undergone 14-day quarantine before departure, of it the LSI was a confirmed case, he/she had tested negative with the RT-PCR test twice.

Travel Authority (TA) will be issued by the Commander, Provincial JTF CV Shield for intercity/municipality travel within the province while the Commander, Regional JTF CV Shield will issue the TA for transfer from one province to another province of the same region (intraregional), and for travel from one region to another region, the Travel Authority will be issued by the Commander JTF CV Shield.

With the completion of above documents, LGU of origin will coordinate with the receiving LGU for the unimpeded travel of the LSI.

It should be noted that receiving LGUs shall not deny entry of LSIs with complete documents provided that proper coordination was made thru the appropriate Task Force. (Ruel Francisco, PIA-Cavite with reports from the official Advisory post of the Provincial Government of Cavite)

Villanueva: DOLE, DOH...FROM P1

be overseas, about to return abroad as balik manggagawa; and must not receive any financial support from employers or their host country.

The lawmaker also called on the health depart-

ment to specify how many healthcare workers does it need for the public health system so labor authorities can also “assess how long this ban could be enforced.”

In April, the Phil-

ippine Overseas Employment Administration issued a temporary deployment ban on healthcare workers such as doctors, nurses, and allied health professions “until the national state of emergency is lifted and until COVID-19-related travel restrictions are lifted at the destination countries.”

POEA Governing Board Resolution No. 9 also suspended bilateral labor agreement for government-to-government deployment of healthcare workers while the state of national emergency remains in effect.

LGU...FROM P1

mined to stay in the service, whether it rains or shine, whether it be sunny or dark, regardless of the fatigue and danger to the health of each individual. Thank you very much.)

The city government will announce the distribution schedule soon on its official Facebook page and on Mayor Maliksi’s FB account. (Ruel Francisco, PIA-Cavite with reports from Mayor Maliksi FB page)

Philippine Science High School to implement new modes of learning

MANILA -- With safe physical distancing being advised globally due to the coronavirus disease 2019 (Covid-19) pandemic, the Philippine Science High School (PSHS) is set to implement two learning options, its chief said Friday.

In a virtual presser, PSHS executive director Lilia Habacon said a new curriculum is now being prepared based on what the school can deliver.

There would be two options or modes -- flexible learning, and online learning.

"Under the flexible learning, only 50 percent of our (PSHS) total population

would have classes for one month, then the other 50 percent after them," she said.

Habacon clarified that this won't be the typical lecture-type of classes.

"We would use this time to clarify the things the students didn't understand while having online learning. The things that they did not understand, they could ask the teachers during the flexible learning," she said.

DOST Secretary Fortunato la Peña, in the same presser, said he believes the time teachers and students do not face each other should not be that long.

The PSHS's plans

have been approved, he added.

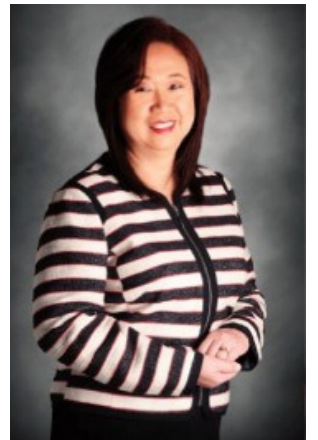

In online learning, students may get printed materials from the PSHS campuses. These materials can be reviewed at home.

They may also inquire from the campus if these materials could be delivered to them.

In crafting the new curriculum, Habacon said they considered what could be the most essential for the students in terms of readiness for college.

Meanwhile, a Bridging Program will be held in August.

Parents and students will be oriented on the require-

Philippine Science High School (PSHS) executive director Lilia Habacon (Photo grabbed from PSHS website)

ments, and how the new learning methods would be done.

Next school year will start on August 24, Habacon said.

"We advise students to enroll in (PSHS) campuses near them. (Safety measures) like social distancing will be implemented. The students should always be protected," she said. (PNA)

Saving PAL...FROM PAGE 2

of oil had crashed ahead of other industries? We all remember that each time the oil prices inched a bit our airline companies would make it a reason to increase their rate by the feet. Or, have you ever wondered why it is cheaper to fly from Manila to Hong Kong and Macau than from Davao to Manila? Just asking to prick the conscience of Lucio Tan and Lance Gokongwei.

With more cargo space, PAL and Cebu-Pac can move perishable items from the provinces to Metro Manila where the huge consumer market is. Vegetable and root crops, fruits, fish, and processed meat from saying Davao, General Santos, Cagayan de Oro, Zamboanga, Jolo, and Cotabato can then be sold fresh in the wet markets and groceries in Metro Manila. This will help vegetable farmers, fishermen, hog raisers, and fruit growers sell their products on a sustainable basis and be encouraged to increase their production.

PAL and Cebu-Pac can later take an active part with Sen. Bong

Go's Balik Probinsya, Bagong Pag-Asa (PB2). If among those thousands of PB2 beneficiaries are would be vegetable, fruit growers, hog raisers, and fishermen will become

productive then this is one part of the important transport infrastructures that are already in place.

The key here is for the airline firms to moderate their freight

charges. Flatten your rates and income on freight a bit within the reach of farmers and you can arrive on time and not land in the Pacific./ SOURCE:PNA

Advisory

EXECUTIVE ORDER NO. 17 - SERIES 2020

An Order Lifting the Order of Temporary Closure of Malls in the Province of Cavite and Providing Guidelines on the Operation of the Same

Malls are allowed to operate subject to the following rules:

1. Malls shall allow entrance of patrons from 10:00 AM to 5:00 PM only and shall ensure no patrons are inside mall premises by 6:00 PM;
2. Mall patrons shall be allowed inside mall premises only upon presentation of a Quarantine Pass duly issued by the barangay concerned;
3. Each patron shall be allowed inside mall premises for a maximum period of one (1) hour only, except in supermarkets where no time limit shall be imposed;
4. Entrance into mall premises found in supermarkets, and vice-versa, shall be closed except in cases of supermarkets without an entrance independent of the mall;
5. Customers shall be allowed only in malls within the city/municipality in which they reside, except for the following:
 - a. Residents of Cavite City, Noveleta, and Kawit may be allowed in malls within Rosario;
 - b. Residents of Ternate, Maragondon, Naic, and Indang may be allowed in malls within Trece Martires City;
 - c. Residents of Mendez, Amadeo, Alfonso, Magallanes, General Emilio Aguinaldo, and Barangay Cabangaan in Silang may be allowed in malls within Tagaytay City; and
 - d. Residents of General Mariano Alvarez and Barangays Bulihan and Maguyam in Silang may be allowed in malls within Carmona.
6. Mall entrances shall have a priority lane for frontline workers;
7. Malls shall ensure one-way flow for customer movement and strict observance of physical distancing inside mall premises; and
8. Music shall not be played through the mall's public announcement (PA)/sound system.

The above rules shall be without prejudice to the implementation of other measures imposed by mall operators and the Department of Trade and Industry and other relevant government agencies.

After the temporary stop of operation of malls in the province due to lack of implementation of some safety protocols such as social distancing, the opening of them were re-authorized after making guidelines and show good compliance with it. Exexutive Order No. 17-Series 2020 by Governor Jonvic Remulla stated rules covering the operation of malls in different towns and cities in Cavite.

IMEE: BEWARE from p2

Maute Group whose leaders were captured during the five-month siege in 2017 that reduced Marawi City to ruins.

"The lure of rebellion is strong. International terrorist groups like ISIS are reported to be recruiting disgruntled young Muslims with the promise of monthly salaries and aid to their families," Marcos said.

Marcos, who chairs the Senate committee on cultural communities, has proposed via Senate Bill 410 to use part of a vast military reservation area to grant land titles to Marawi residents who lost their homes and businesses during the siege.

"President Duterte has the power to grant

this. It will cut the Gordian knot of having to reconstitute land and property titles to which the Maranao tradition of deep family trust and keeping one's word are not really accustomed," Marcos said.

"The requirement of such legal documents continues to prevent thousands of displaced Marawi residents from reclaiming and rebuilding their homes and are the main cause of delay in Marawi's rehabilitation," Marcos added.

Marcos's bill also seeks to set up a more permanent Bangon Marawi Council, citing that the present Task Force Bangon Marawi has repeatedly missed its deadlines and that "complete rehabilitation will take decades."

Pres. Duterte tells PMA, PNPA graduates to adapt to change

BAGUIO CITY (PIA) -- President Rodrigo Roa Duterte has called on the graduates of both the Philippine Military Academy (PMA) and the Philippine National Police Academy (PNPA) to adapt to change and what is happening in the world during the joint graduation rites, Friday (May 22).

"Graduates, the world is changing and we have to adapt to the changes lest we lag behind. But like someone else said, 'We can change in a changing world and yet cling to the unchanging values of life,'" Duterte said in his speech delivered virtually in Malacanang.

The President led the joint virtual commencement exercises of the 126-strong cadets of the PMA "Masidlawn" Class of 2020 held in Baguio City and the 227-strong cadets of the PNPA "Mandayug" Class of 2020 held in Silang, Cavite.

"Values like love of country, honesty, integrity, concern for the poor and the needy, adherence to the rule

of law. These are values that make our society, humane, and a nation, progressive. A simple truth that is unassailable," the President added.

He said that these values are instilled in the graduates since their institutions and almaters have prepared them with such.

The President also expressed his admiration to all the graduating cadets in both institutions, the incoming military and police officers of the country.

"My soldiers, my policemen, the soldiers of the Republic and the policemen of this government, mabuhay kayong lahat at sinasabi ko saludo ako sa inyo."

The President also said that despite the pandemic, they should still be happy and be proud to be graduating although very differently due to the COVID-19.

"Let not COVID-19 dampen the joy and pride that must be yours after going through gruelling years of study and rigorous training within the classroom walls and the perimeters of the parade

grounds of your alma mater," the President said.

This year was a very different graduation held for both institutions as it was closed to the public including family members and for media coverage to ensure safety from the COVID-19 virus. This was also the first time the President held a virtual graduation rites done for both PMA and PNPA.

During the graduation, the President also announced that a Certificate of Ownership of House and Lot worth P2 million from Vis-

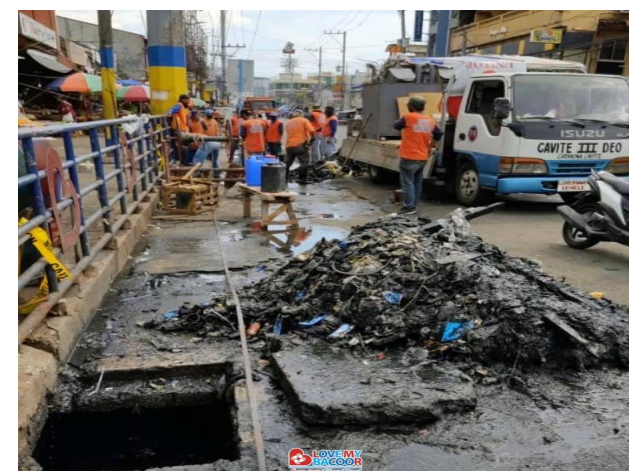

ta Land Company of Manny Villar were also awarded to the Class Valedictorians- 2nd Lieutenant Gemalyn Deocares Sugui of the PMA and Fire Inspector Lei Anne Banico Palermo of PNPA.

Gun Certificate - Rock Island Armory Cal. 45 pistol with 3 magazines were also given to the class "goats" or graduates at bottom of the rank - 2LT Rexllwyn Johanne Olivo Eson for PMA and PLt Al Shadat Hassan Abdurajak for the PNPA.(RMC- PIA-CAR)

CITY OF BACOR:

Ilan sa mga nanay sa Bacoor ay mga working moms na nagbalik trabaho na, kaya naman ang hanap nila ay mga maging lulu na ulam na masarap. Walang problema kasi yan ang matatagpuan sa mga Chooks to Go Rolling Stores. May iba't ibang ready-to-cook products ang Chooks to Go na patok sa panlasang Bacoreño. Ngayong araw na ito mga residente mula sa Meadows 2 Subdivision sa Molino 4 ang pinuntahan ng mga rolling stores na ito. Araw-araw umiikot ang mga Chooks to Go Rolling Stores sa Lungsod ng Bacoor. Antabayanan lang ang mga susunod pa nilang schedule.

Sa gitna ng ating laban sa Covid-19, patuloy din ang paghahanda ng Pamahalaang Lungsod ng Bacoor para sa tag-ulan. Kasama ang Department of Public Works and Highways, nagsagawa ang City Engineering Office ng dredging ng mga creek at declogging ng mga drainage sa Talaba 2 at 6, at sa Zapote Market area. Paalala na rin po na tanging sa tamang lugar lang tayo magtapon ng ating basura.

ZeroPercentInstallmentPlan

Para sa detalye o kung may katanungan pa kayo tungkol sa May bill, visit www.meralco.com.ph/understandingyourmaybill

If you haven't received your bill for May, this means we haven't been able to read your meters and we will send your adjusted bill when your meter has been read.

Ang regular June bill ay kailangang bayaran ng buo, payable no earlier than June 30, at hindi kasama sa installment plan.

Rest assured that you will only be billed for what you actually consumed.

Kapag wala kayo sa bahay o sarado ang inyong negosyo during #ECQ (kaya mas mababa ang actual consumption versus estimated bills):

1. Dahil may actual meter reading na kayo ngayong May, ang iyong estimated bill/s ay adjusted na.

2. Kung hindi pa bayad ang inyong estimated ECQ bills, you may avail of the same installment plan above.

Payments for all bills – regular monthly bills and installments - are accepted at all authorized payment channels. For the list of channels, click bit.ly/PaymentPartners

RAMADHAN)..**

"Nauunawaan ko ang inyong pangamba at makakaasa po kayo na hindi kakalat ang COVID-19 sa inyong lugar dahil magiging ligtas at pagbubutihin namin ang pagbabantay at pangangalaga sa kalusugan ng mga kababayan natin na mailalagay sa ating quarantine at isolation facility na nasa inyong bayan, katuwang natin dito ang ating kapulisan at ang inyong lokal na pamahalaan," he stated

during the turn-over and MOA signing ceremony of the Provincial Isolation and Quarantine Facility Isolation Facility for Persons Deprived of Liberty (PDLs).

He added the isolation facility is located in Barangay Malainin which is far from residential area. "Residents need not to be afraid because it is safe and well-equipped".

The plan for the conversion of the provincial drug rehabilitation center to an isolation facility was met with protests from residents and lo-

cal government officials of the town fearing for their health and safety.

According to Director Janairo, plans are already set in motion to establish health facilities in to complete the facility which can also serve residents of nearby barangays in the area.

"Kailangan natin dito ang tulong ng lokal na pamahalaan ng Ibaan upang madagdagan pa ang serbisyong pangkalusugan kasama na dito ang pagsasaayos at pagpapaunlad ng health system ng buong bayan ng

Ibaan".

Janairo aims to have at least one major quarantine facility per province in Calabarzon.

The Municipality of Ibaan recorded 1 confirmed case of COVID-19 who recovered and discharged already as of May 25, 2020.

Ibaan, 96 kilometers south of Metro Manila is a 2nd class municipality in the province of Batangas with a population of 52,970 people based on the 2015 Census of Population. (PIA-4A/DOH CALABARZON)
