

Bill prohibiting export of raw black sand hurdles House panel

A bill prohibiting the exportation of black sand and its derivatives in its raw form to other countries hurdled committee level at the House of Representatives.

In an online meeting on last Wednesday (Nov. 24), the House Committee on Natural Resources, chaired by Cavite Rep. Elpidio Barzaga Jr. approved the substitute bill to House Bill 6321 or the proposed Black Sand Processing Act.

Under the bill, black sand mining or trading entities may only export processed products or raw materials that have undergone advanced processing.

Probinsyano Ako party-list Rep. Jose Singson Jr., author of the bill, said the Philippines is one of the major sources of black sand, which is being exported to

other countries in its raw form.

Singson noted that the many industrial uses for the materials produced from black sand mining results in a massive international demand, which in turn results into high profits for those engaged in black sand mining.

He said the importation of these processed products are very costly, while the raw materials used for these products were exported from the Philippines at a very cheap price.

"The country is also losing potential revenues as these expensive processed products could have been processed locally, generating jobs in the locality from where they are mined, not to mention lowering the price for these high-value products as we would no longer

Cavite Rep. Elpidio Barzaga Jr.

need to import the same," he said.

The bill would require black sand mining companies, either individually or collectively, to institute, build, or lease advanced processing plants for magnetite within the province where they are conducting actual mining operations of magnetite. source: PR/ (PNA)

Phil Health and hospitals make headway on claims issues

In a breakthrough development, the Philippine Health Insurance Corporation (Phil Health) and a number of private hospitals led by Private Hospitals Association of the Philippines, Inc. (PHAPI) President Dr. Jose Rene de Grano have met on Monday to jointly resolve the claims payments issue and to end public fears over some hospitals' plan of not renewing accreditation next year.

Present in the meeting were Phil Health officials led by its PCEO Atty. Dante A. Gierran, Dr. Jose Rene de Grano, The Medical City PCEO Dr. Eugene Ramos; St. Luke's Hospitals PCEO Dr. Art dela Pena; and Mt. Grace Hospitals, Inc. PCEO Carlos C. Ejercito and Executive VP and COO Rhais Gamboa. The meeting was agreed to be the first step towards more frequent dialogues and collaborations to address pain points and operational issues that brought challenges to both the Insurer and service providers.

Among the agreements reached include the immediate release of the second wave of Debit-Credit Payment Method (DCPM) to those hospitals that will signify intention to avail of such. Using Phil Health data, sixty percent (60%) of in-process claims shall be released to hospitals that have not yet availed of DCPM, while the remaining 40 percent is released upon processing and reconciliation of initial payment.

For hospitals that have already availed of the DCPM, Phi Health agreed to lower the liquidation threshold to 20 percent of the initial tranche of payment to enable them to immediately avail of the second wave of DCPM.

Gierran vowed that a corresponding internal memo will be released soon to inform and prepare all regional offices for the second wave of applications. In addition the "Undertaking" that hospitals sign and submit as attachment to qualify for DCPM payments shall be amended based on suggestions from the hospitals.

The hospitals have likewise emphasized the need for regularity and predictability of payments to ensure uninterrupted hospital operations. A series of steps to solve the issue given Phil Health's current challenges was submitted for consideration of the State Agency.

Moving forward, both parties have agreed to work together on the issue of returned and denied claims through a Technical Working Group composed of representatives from the Philippine Medical Association, Philippine Hospital Association, PHAPI and Phil Health.

Responding to the appeal of PCEO Gierran for support on its IT concerns, the hospitals led by Mt. Grace hospitals agreed to provide assistance in order to expedite claims processing.###

Sen. Bong Go aids indigents of Bacoor City and General Trias City in Cavite as he reminds the public to remain cooperative and disciplined to overcome the pandemic

PASAY CITY -- Senator Christopher "Bong" Go appealed to the public to follow the government's protocols to prevent the spread of COVID-19 in a series of relief efforts for local indigent residents in Bacoor City and General Trias City, Cavite last Tuesday, November 23.

In a video message, Go called for more patience and forbearance as he noted that a minor lapse in compliance could potentially lead to more infections and patient deaths in a community.

"Sa mga Pilipino, nakikiusap kami, habaan niyo ang inyong pasensya at sumunod tayo sa mga quarantine protocols. Sana po'y walang magpa-espesyal. Isipin niyo na sa bawat isang positibo, pag kumalat 'yan, marami ang madadamay. 'Yun ang ayaw nating mangyari na kumalat itong sakit na ito at bumagsak na naman ang ating healthcare system," he reminded.

"Inuulit ko, disiplina mula sa lahat ang kailangan. Sumunod tayo sa mga

paalala ng gobyerno, mag-suot ng mask at face shield, mag-social distancing at maghugas ng kamay. Kung hindi kailangan ay 'wag umalis ng pamamahay," added Go.

His team distributed meals, vitamins and masks to a total of 393 Caviteños at Brgy. Molino 3 covered court in Bacoor City and 55 Pasong Kawayan II in General Trias City. The activities were conducted in batches, in compliance with health and safety protocols against COVID-19.

The team provided select residents bicycles and new pairs of shoes to help them in their daily commutes. They also gave away computer tablets for children's use under the blended learning set-up implemented by schools.

In addition, personnel of the Department of Social Welfare and Development provided livelihood assistance under its Sustainable Livelihood Program (SLP) to residents in Bacoor City. They also distributed financial assistance to residents in General Trias City

under its Assistance to Individuals in Crisis Situation program.

"Dapat suportahan natin ang mga kababayan nating nais magsimula ng kanilang sariling negosyo. Dapat turuan at tulungan natin sila mabigyan ng kapital," Go said.

"Salamat po sa DSWD sa programang SLP-LAG. Bibigyan ho kayo ng puhunan at tuturuan po kayong magnegosyo. Palaguin n'yo po ang inyong negosyo, gamitin n'yo po sa tama, dalahin n'yo po sa inyong pamilya ang inyong kita," he added.

Go had recently issued an appeal urging the government to provide fully vaccinated members of the Pantawid Pamilyang Pilipino Program (4Ps) with cash incentives on top of what they already receive under the law to help increase the vaccine coverage among the lowest income groups.

"Ito ang pinaka-vulnerable sa populasyon natin... ang mga 4Ps households ang kinokon-siderang poorest of the

poor. Sa paraang ito (cash incentives), maecangganyo natin silang magpabakuna, mabibigyan pa natin sila ng dagdag na tulong," he explained.

Go noted that many small businesses have suffered losses as a result of the pandemic. To assist them, he pledged to increase the number of Negosyo Centers established nationwide and expand the Pondo sa Pagbabago at Pag-asenso program to provide accessible micro-financing schemes to boost small businesses.

Continuing his message, Go expressed concern that the pandemic has disrupted many residents' access to vital health services. He advised those who cannot afford to settle their hospital bills to seek aid from the government through the Malasakit Centers at the Southern Tagalog Regional Hospital in Bacoor City and General Emilio Aguinaldo Memorial Hospital in Trece Martires.

The Malasakit Center is a one-stop shop that aims to provide patients

quick and convenient access to the medical assistance programs of the DSWD, Department of Health, Philippine Health Insurance Corporation and Philippine Charity Sweepstakes Office.

"Batas ito na aking isinulong at pinirmahan ni Pangulong (Rodrigo) Duterte. Mayroon na ngayong 149 Malasakit Centers sa buong Pilipinas. Ang target nito ay zero balance para wala nang babayaran sa ospital ang mga poor and indigent patients," explained Go, who principally authored and sponsored the Malasakit Centers Act of 2019.

"Sabihan niyo ang mga kapitbahay niyo na mayroon kayong Malasakit Center na tutulong para wala na kayong babayaran sa inyong pagpapaospital. Walang pinipili ito; walang pulitika ito. Para ito sa lahat lalo na ang poor and indigent patients," reassured Go.

The senator went on to express gratitude to the local officials for their service. He likewise urged them to keep protecting the well-being of their constitu-

ter Operations for the field inspectors and the Regulatory Enforcement Unit (REU) based on Republic Act 9711 and established Integrity Management Committee (IMC), with the objective of raising awareness and reducing the risk areas of corruption within the agency.

He has 29 years of public service which began in 1992 as a medical officer for the province of Rizal and then became the municipal health officer of Taytay (1992-2004) before transferring to DOH as Medical Specialist II at DOH-MIMAROPA (Oriental/Occidental Mindoro. Marinduque, Romblon, Palawan) and then later assigned as an executive assistant (2005-2007).

Valencia said that all health programs and projects that were initiated in the region will be continued.

"Marami tayong magandang programa sa rehiyon at ito'y ramdam ng mga tao. Dahil ito ang dapat. Hindi lamang ito ay maganda, ang importante ito ay nararamdaman ng bawat tao na siyang magbebenipisyo sa mga ito."

"Iba ang pakiramdam na ang puso at paglilingkod natin ay nasa tamang. That is why we will continue to be agents of continuous change to affect good health to all," Valencia assured.

ents.

As Vice Chair of the Senate Committee on Finance, Go has also supported various initiatives to accelerate the infrastructure development of and improve the delivery of key services in Cavite. In General Trias City, he supported various road concreting projects and the construction and rehabilitation of various multi-purpose buildings, covered courts, barangay halls and drainage systems.

In Bacoor City, Go supported the construction of a slope protection project and multi-purpose buildings, as well as the construction of a revetment along the Bacoor River.

He also supported the construction of the National Road System (Primary Roads - Manila - Cavite) in Cavite City and the provision of medical assistance to indigenous people in Kawit.

Other initiatives he supported include improvement of roads in the cities of Dasmariñas, Imus and Tagaytay; acquisition of ambulance units for the local governments of Indang and Trece Martires City; rehabilitation and improvement of the municipal fire station in Noveleta; and improvement of a sports facility in the Cavite State University in Indang.

"Huwag sana kayong mawalan ng pag-asa dahil nandirito ang iba't ibang ahensiya ng gobyerno para tulungan kayo na makabangon. Lapitan niyo lang ang aking opisina kung may iba pa kaming maitutulong at gagawin namin ni Pangulong Duterte ang lahat sa abot ng aming makakaya," pledged the senator.

In 2019, Go was declared an adopted son of the CALABARZON region in a manifesto issued by the governors of Cavite, Laguna, Batangas, Rizal and Quezon. (OSBG)

DOTr asks Google to include PH bike lanes in Google Maps

MANILA – The Department of Transportation (DOTr) has requested Google to include bike lane routes in the Philippines in the dashboard of its popular real-time navigation app Google Maps to help cyclists on their daily commutes.

Transport Secretary Art Tugade said the DOTr is coordinating with Google regarding the project.

“This will be a very good innovation for Google Maps considering that many Filipinos now are riding bikes as their main mode of transportation which brings significant health and environmental benefits especially amid the pandemic,” Tugade said in a news release on Thursday,Nov. 25.

He said the DOTr is waiting for Google’s approval but he feels confident that the tech giant will most likely pursue the Department’s request as it is a supporter of active transport.

“We have asked Google to consider this suggestion top priority considering the increasing number of Filipino cyclists. We are confident that we can win their support on this,” Tugade said.

The DOTr has completed its 500-kilometer bike lane network in metropolitan cities across the Philippines.

Our fellow PWD are the beneficiaries of Assistance for Individuals in Crisis Situations from the office of Senator Bong Revilla. Mayor Lani Mercado Revilla led the distribution of this seasonal help to our countrymen.

The bike lane network includes Metro Manila (313.12 kilometers), Metro Cebu (129.47 km), and Metro Davao (54.74 km).

Bike lanes have pavement markings, physical separators, solar-powered road studs, thermoplastic paints, road signages, and bike racks.

The project was funded under the Bayanihan to Recover as One Act. (PR)
