SAP BENEFICIARIES IN GENTRI RETURN P2.1M CASH AID

GENERAL TRIAS CITY, Cavite (PIA) --Some 330 of the 44,373 beneficiaries of the Department of Social Welfare and Development (DSWD) Social Amelioration Program (SAP) returned the P6,500 cash aid they received.

City Social Welfare & Development Officer Rebecca Generoso reported that their office received more or less Php2,145,000.00 returned

SAP payout under the partial list of the SAP aid report released Wednesday, June 3, 2020.

"Every day, there are people coming to our office to return the money from the SAP payout, because according to them they already received their SSS assistance and that they don't want to be charged or penalized for keeping the money," Generoso explained.

plained.

Further investigation revealed some of the people who returned the SAP aid were either unqualified beneficiaries or already received assistance from the national government like subsidies from the Department of Labor and Employment (DOLE), and Social Security System (SSS).

DOST distributes COVID-19 specimen collection booths to hospitals in Mimaropa

To improve the testing capacity in the country while protecting the welfare of the healthcare workers, the Department of Science and Technology (DOST) has distributed specimen collection booths in hospitals across the Mimaropa region. Three units of SCBs were successfully distributed to the following public hospitals in Oriental Mindoro and Palawan – Oriental Mindoro Provincial Hospital, Ospital ng Palawan in Puerto Princesa, and Coron District Hospital.

Patterned to the telephone booth-style swabbing facilities used in other countries, the SCB was designed and fabricated by DOST-Philippine Council for Industry, Energy and Emerging Technology Research and Development (DOST-PCIEERD) Startup Grant Awardee and Palawan International Business Incubator (PITBI) incubatee Future Aviation and Maritime Enterprise, Inc. (FAME). The SCBs were jointly funded by DOST-PCIEERD and DOST – Philippine Council for Health Research and Development (DOST- PCHRD).

To minimize the risks of health workers of contracting the virus from suspected COVID-19 patients, the SCB also known as the "no contact booth" is equipped with clear water-proof acrylic window,

2 accreditation. Processing for the accreditation before Stage 3 would take more or less 45 days.

Likewise, the facility also passed the Proficiency Test conducted by the DOH and the RITM last May 29, 2020. From this test, the capacity of a testing facility is measured to produce the correct results on the swab samples undergoing testing.

The Real Time-Polymerase Chain Reaction (RT-PCR) technique is used which is considered the 'Golden Standard' for testing.

Under the Public Health sector, the facility therefore will be managed by the City Health Office in partnership with the Ospital ng Imus.

The City Engineering Office supervised the completion of the construction of the two-story building that was finished by the end of May.

On June 4, 2020 the City of Imus Molecular Laboratory was officially accredited

as a COVID-19 Testing Facility and awarded with a License to Operate by the DOH.

"With this accreditation, the city government could now conduct more tests, isolate the positive cases and patients will be given the proper attention and treatment until they fully recover from the disease. Eventually, the economy could start again safely with employees and workers going back to work cleared from the COVID-19 infection," Mayor Maliksi said.

The city government led by Mayor Emmanuel L. Maliksi, Vice-Mayor Ony Cantimbuhan along with 3rd district of Cavite Representative Alex L. Advincula, Cavite Mayors League President, Frederick A. Vida and Department of Health IV-A Regional Director Eduardo C. Janairo attended (Ruel Francisco, PIA-Cavite/ with reports from Imus Public Information Office)

semi-disposable untextured nitrile gloves, pressure sensor to prevent outside contamination from getting inside the booth, a FAME-designed temperature scanner that allows temperature to be obtained and recorded in the cloud for easy monitoring of hotspots in areas where the SCB is installed, and caster wheels for easier mobility.

The first unit was installed in Oriental Mindoro Provincial Hospital on May 8. The turn-over of the SCB to the hospital was joined by Oriental Mindoro Governor Humerlito A. Dolor, Vice Governor Antonio S. Perez, Oriental Mindoro Board Member, Provincial Health Officer, and the head of the hospital. Aside from the SCB, 150 pieces of face masks were also donated by DOST-Mimaropa through its Provincial S&T Center in Oriental Mindoro. Ospital ng Palawan in Puerto Princesa City, which is the

region's first and only licensed testing center by the Department of Health (DOH) received the second unit of the SCB last May 9. The last unit was delivered to Coron District Hospital on May 21 to cater to patients residing in the northern part of Palawan.

The transport of the units from Manila to Oriental Mindoro and Palawan was made possible through the assistance of the Philippine Coast Guard. In case other institutions or private entities would like to fabricate their own SCBs, the design was also made available publicly for free. Designs are disseminated through the DOST-Mimaropa Regional Office and its Provincial S&T Centers in Occidental Mindoro, Oriental Mindoro, Marinduque, Romblon, and Palawan or online via this link : <http://pcieerd.dost.gov.ph/library/fame-design>. has provided food packs and lodging to 66 OFWs. OFWs under the no work, no pay scheme will receive financial assistance from DOLE's AKAP for OFWs," Uy said at the Laging Handa public briefing on Friday.

The diplomat, however, said many OFWs have returned to work when malls, restaurants, and other businesses in Vietnam started opening on April 22.

Uy also reported that among the 4,991 Filipinos in Vietnam, none is infected with COVID-19, so far.

He narrated that learning from the severe acute respiratory syndrome (SARS) outbreak of 2002, Vietnam acted quickly and immediately implemented measures to mitigate the spread of COVID-19 cases in the country.

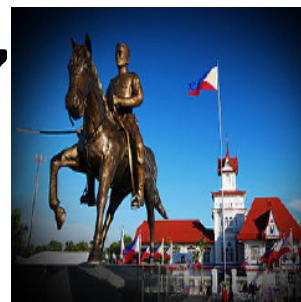

"The low COVID-19 cases in the country was the result of the government's swift action in the battle against COVID-19. Vietnam closed its land borders and cancelled flights from China to the country on January 11, the government then cancelled all international flights," he explained.

Strict quarantine measures and rigid contact tracing, as well as social distancing protocol were established by Vietnam government, Uy added.

Treatment for Vietnamese national who are afflicted with the disease is free, he further said. (PIA-NCR)

MODIFIED Q-PASS SYSTEM IN CAVITE TO TAKE EFFECT JUNE 7

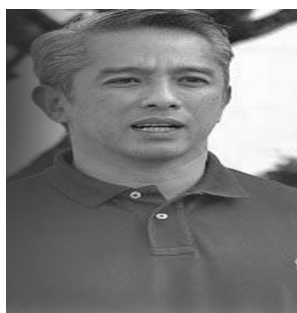

TRECE MARTIRES CITY, Cavite (PIA) -- Governor Jonvic Remulla announced early this morning that the guidelines for the Modified Q-pass system in the province will take effect at 5am on June 7, 2020.

This developed after consultation and approval from the members of the Inter-Agency Task Force (IATF) for certain adjustments on the present policies were granted.

Upon effectivity, Quarantine passes are transferable to other qualified, legal-aged members of the household which may require an Identification card for proof of membership in said household.

Travel passes are no longer needed for travel to cities within Cavite while those employed in NCR, employment/company IDs could suffice. Also, proof of medical, dental appointments especially in the city of Las Piñas are required for said purposes due to strict monitoring in the border checkpoints.

As regulated by the IATF, inter-province travel requires Travel Authorization/Pass with the exception of work/employment that requires only employment or

Governor Jonvic Remulla

company IDs to allow passage into the province.

Similarly, returning residents of Cavite will be accepted but travel restrictions for residents aged 18-20 years will have to wait for the lifting due to the transition to Modified GCQ status of the province.

On the other hand, regulations already implemented like the curfew from 8pm - 5am, and the mall operating policies remain in effect while IATF ruling for the 'Couples pass' is not yet granted.

PNP commended for P5.1-billion drug haul

President Rodrigo Roa Duterte on Friday, June 5, praised the Philippine National Police (PNP) for its P5.1-billion drug haul in Marilao, Bulacan, stressing the trade of illicit drugs remains a major threat to the country.

"I would like to congratulate the PNP at si Archie Gamboa, General, taga-Davao 'to. You have my snappy salute. I will talk to you when I go back to Manila," President Duterte said in a public address aired Friday morning.

He lauded the PNP for its untiring service amid COVID-19 pandemic. "So despite of the pandemic, police are working. So kita mo ang mga pulis ko nagtatrabaho. So — and mindful of the fact that they can get the COVID by their dedication."

The contraband involved is huge and it prompted the President to say "it will destroy my country because the 5.1 billion of shabu will be consumed by millions of people".

The country has become a drug transshipment location, the President said, adding Mexico's Sinaloa cartel, a notorious drug syndicate, has already entered the Philippines.

Warning Chinese drug dealers, he said, "I will say that itong mga Chinese, I'd like the Chinese government to know that there is so many ways of fighting corruption. But one of them that is really pisses me to no end, these are things that — it destroys my country — the human resource, ang mga bata, ang mga anak namin — ninyo."

Fighting illegal drugs, along with crime and corruption, was one of President Duterte's campaign promises when he ran for the presi-
