Hybrid world tourism summit in PH moved to 2022

MANILA – The Philippines is set to host the World Travel & Tourism Council (WTTC) Global Summit in the first quarter of 2022, Tourism Secretary Bernadette Romulo-Puyat said Thursday.

The event was supposed to be held in the Philippines in October 2021.

Romulo-Puyat said hosting the event would not only strengthen Manila's position as a competitive meetings, incentives, conferences & exhibitions (MICE) destination in Asia, but also serve as a "major stepping stone" towards the full recovery of the country's travel and tourism industry.

"We are proud to share that the Philippines has been chosen to host the 21st World Travel and Tourism Council Global Summit, which is targeted to take place in the first quarter of 2022," she said during the Hotel Outlook: The Road Back to Business forum.

Tourism Assistant Secretary Verna Buensuceso said around 650 delegates are expected to attend the event, with over 30,000 people participating virtually.

"We're looking at the first quarter of 2022 because we would like to make sure that international borders are a bit easier to navigate so that we get to have more people coming in," she said in the same forum.

The WTTC Global Summit is widely considered the most influential event for travel and tourism professionals and stakeholders, providing opportunities for industry leaders to meet with policymakers and address the most pressing issues faced by the industry.

While borders remain closed due to a rise in coronavirus cases, Buensuceso said the department continues to work with partner agencies for the country's eventual reopening to foreign leisure travelers, especially those fully vaccinated.

She said the agency was specifically looking at Asian markets like South Korea, Taiwan and Japan for "specialized charters" that would bring in various tour groups straight into destina-

Pagkamit ng 'zero illiteracy' sa buong bansa isinusulong ni Sen. Gatchalian

Sa gitna ng pagdiriwang ng International Literacy Day noong Setyembre 8, binigyang diin ni Senador Win Gatchalian ang kahalagahan ng pagkamit ng zero illiteracy sa buong bansa.

Kamakailan ay naghain si Gatchalian ng dalawang panukalang batas upang mapabilis ang pagsugpo sa illiteracy at mapigilan ang pag-urong ng kaalaman dahil sa pagsasara ng mga paaralan.

Sa ilalim ng Senate Bill No. 2348 o ang National Literacy Council Act, isinusulong ni Gatchalian ang pagkakaroon ng three-year roadmap upang masugpo ang illiteracy. Layunin din ng panukalang batas na pakilusin ang mga Local School Boards bilang mga de facto local literacy councils. Sa ilalim din ng panukalang batas, ang pagsugpo sa illiteracy ay itutugma at iaayon sa pagpapatupad ng Alternative Learning System na naging institutionalized na dahil sa Republic Act No. 11510.

Isinusulong naman sa Senate Bill No. 2355 ang pagkakaroon ng national learning intervention program na tatawaging Academic Recovery and Accessible Learning (ARAL) Program. Ang naturang programa ay magkakaroon ng mga sistematikong tutorial

REVILLA NAGPAHAYAG NG SUPORTA NA ITAAS ANG EDAD NG STATUTORY RAPE

Co-sponsor kamakailan si Sen. Ramon Bong Revilla, Jr. sa Senate Bill 2332 na naglalayong itaas ang edad para madetermina ang statutory rape at iba pang akto ng pang-aabuso at exploitation, mula labingdalawa hanggang labing-anim na taon.

Sen. Ramon Bong Revilla, Jr.

Si Revilla na isa sa may akda ng naturang panukala ay isinumite ang Senate Bill 1258 upang maisama sa ilalim ng Committee Report 279 ng Senate Committee on Justice and Human Rights.

Sa kaniyang sponsorship speech, sinabi ng butihing Senador na noong nakaraang buwan lumaganap ang kampanyang #ENDChildRape sa social media na nilahukan ng ilang celebrities at advocates na nananawagan sa mga mambabatas na bigyang prayoridad ang pagsusumite ng batas na mag-aamyenda sa Anti-Rape Law of 1997 at palakasin ang proteksiyon sa mga bata laban sa pang-aabusong sekswal at exploitation.

Lumalabas sa naturang campaign cites na ang edad ng sexual consent sa Pilipinas ay isa sa pinakamababa sa Asia at sa buong mundo, nabigyang diin din na hindi maaaring mag-asawa, bumoto, pumirma sa kontrata at makakuha ang driver's license ang hindi pa 18 anyos ngunit may mga matatanda nang nakikipagtalik sa mga batang nasa 12 anyos lamang at sinasabing isa itong pagsang-ayon.

"Talaga pong nakakakulo ng dugo at nakakapanginig ng kalamnan ang mga balita ng pagsasamantala sa ating mga kabataang nasa edad dose anyos, na walang kamuwang-muwang at walang kalaban-laban. Nararapat lamang po na magkaroon tayo ng mas matibay na batas upang mapanagot at maparusahan ang sinumang gumagawa ng karumal-dumal na gawaing ito," pahayag pa ni Revilla.

Sa kaniyang bersiyon sa naturang panukala, sinabi ni Revilla na ang ating bansa ay bahagi ng Convention on the Rights of a Child na nag-oobliga sa lahat ng State parties na palakasin pa ang batas na magbibigay proteksiyon sa mga bata mula sa lahat ng klase ng sexual exploitation at pang-aabuso kabilang paggamit ng dahas.

Ipinaliwanag pa ni Revilla na ang pagtatatag ng karampatang edad para sa sexual consent ay isang kritikal na usapin upang mabigyang proteksiyon ang mga bata laban sa sexual violence dahil ang mga batang nasa edad 12 anyos pababa ay ikinukonsiderang wala pang lakas para tumanggi at basta na lamang ipagkaloob ang sarili sa kahit anong sekswal na aktibidad.

Kaugnay nito ay pinasalamatan ni Revilla Sen. Richard Gordon dahil sa pagsumite ng naturang panukala sa plenaryo upang matalakay at mabigyan ng pagkakataon na maging isang ganap na batas sa loob ng mabilis na panahon.

tions that are already prepared.

"[W]e're looking at also offering protocols that will be a bit more specialized compared to protocols that we have now but this will still have to go through IATF approval in the future," she said.

The global travel industry has suffered a decline of 72.9 percent in international visitor arrivals in 2020. The Philippines, on the other hand, registered a much steeper 82 percent slide from 8.26 million tourist arrivals in 2019 to just 1.48 million in 2020.

Based on its reformulated National Tourism Development Plan 2016-2022, the DOT is currently looking at a recovery period of between two to four years.

"[W]e continue to bear in mind that we must not cut corners in our road to recovery. Throughout the pandemic, we have committed to taking a gradual, safe, and sustainable approach towards recovery. We shall continue on this steady and calculated pace as necessary," Romulo-Puyat said. PR/(source:PNA)

Japan agri agency wants to build cold storage facility in Benguet

MANILA – A solar-powered cold storage facility in Buguias, Benguet will help Filipino farmers improve their production.

The Japan Agricultural Exchange Council (JAEC) proposed the solar-powered facility that will include the purchase of refrigerated cooling trucks, to improve post-harvest handling, storage, and delivery of farmers' produce.

The proposed PHP82-million project will be funded by Japan's Ministry of Foreign Affairs under its Safe Vegetable Production with Marketing Technology Improvement project in the Philippines.

The proposal is under review by the National Economic and Development Authority, according to the Department of Agriculture (DA) on Tuesday.

It will go through the Department of Finance and the Department of Foreign Affairs before being approved by the Office of the President.

"[This is] aimed to capacitate farmers to improve production through the Safe Vegetable from Rich Soil (SAVERS) technology, which enriches the soil by using organic matter such as mokusaku (wood vinegar)," the DA said on Tuesday, referring to the details of its discussion with JAEC the day before.

Once approved, a memorandum of agreement will be drafted and signed by the DA and JAEC.

In a statement, JAEC senior local coordinator Toshiharo Sato said he wishes to have the project implemented at the soonest possible time, as "many Filipino farmers are waiting for [the] project".

DA Secretary William Dar is hoping for its approval before the end of the Duterte administration.

He called for the creation of a steering committee to facilitate the approval process.

The DA chief also instructed JAEC representatives to review its procurement process and to prepare the project design for immediate implementation once approved. (PNA)

Kabilang sa isinasagawang road works ay ground improvements, concrete pouring, konstruksyon ng slab deck, drainage system, at bridge substructure works.

Oras na makumpleto ang pagkukumpuni sa Cavitex C5 Link, ito ay makapagseserbisyo sa 50,000 motorista at inaasahang mapaiikli nito ang travel time mula Cavite, Las Pinas, at Paranaque City patungong Makati at Taguig ng 30 minuto.

Bukod pa sa mas pinaigting na construction efforts para sa mga bagong segments ng Cavitex C5 Link, sisimulan na rin ng CIC ang pagkakabit ng mga Automatic License Plate Recognition (ALPR) cameras sa mga toll plaza ng Cavitex, na layung mapahusay ang RFID toll collection system sa expressway. Ang ALPR ay gumagamit ng mga smart cameras at kaya nitong suportahan ang pagbasa ng RFID scanner sa pamamagitan ng pagbasa sa mga plaka ng sasakyan.

Bukod sa Cavitex at Cavitex C5 Link, hawak din ng MPTC ang concessions para sa Cavite-Laguna Expressway (CALAX), North Luzon Expressway (NLEX), NLEX Connector Road, Subic-Clark Tarlac Expressway (SCTEX), at Cebu-Cordova Link Expressway (CCLEX) sa Cebu. / PR.(MPT South/CAVITEX)

Sa mga mag-aaral naman sa Kindergarten, tututukan ng programang ARAL ang literacy at numeracy.

"Sa pagbangon ng sektor ng edukasyon mula sa pinsalang dulot ng pandemya, ang tuluyang pagsugpo sa illiteracy ay isa sa mga dapat nating tutukan. Dapat nating tiyakin na ang bawat mamamayan ay may sapat na kakayahan upang makilahok sa lipunan at makamit ang mas magandang kinabukasan," ani Gatchalian.

Tinukoy din ng Chairman ng Senate Committee on Basic Education, Arts and Culture na bago pa tumama ang pandemya, milyon-milyong mga Pilipino ang nananatiling walang taglay na basic at functional literacy----bagay na maaari pang lumala dahil sa pagsasara ng mga paaralan at pagkaantala ng mga programang pang-edukasyon.

Ayon sa 2019 Functional Literacy, Education and Mass Media Survey (FLEMMS), may anim (6) sa isang-daang Pilipinong may edad na lima (5) pataas na hindi taglay ang basic literacy. Katumbas nito ang anim (6) na milyong Pilipinong hindi makapagsulat o makapagbasa nang may pag-unawa sa isang simpleng mensahe.

Lumabas din sa naturang ulat na walong (8) porsyento ng mga Pilipinong may edad na sampu (10) hanggang animnapu't apat (64) ang functionally illiterate. Katumbas nito ang halos pitong (6.7) milyong Pilipino sa naturang age group na hindi makalahok sa mga pang-araw-araw na gawain, kung saan kinakailangan ang sapat na kakayahang makipag-usap gamit ang wikang panulat.

Improved PCOO operations made President Duterte more visible to the public eye

MANILA – Presidential Communications Operations Office (PCOO) Secretary Martin Andanar said on Thursday that improving the operations of the PCOO and its attached agencies in terms of broadcasting and information dissemination has made the President visible to the public.

"Alam niyo po talagang ginawa natin ang magagawa natin para po ma-improve ang PCOO. We streamlined the government communications arm. Ngayon po masasabi natin na we are walking in one direction [We did what we can to improve PCOO. We streamlined the government communications arm and now I can say that we are walking in one direction]," he said in an interview.

Through the Radio-Television Malacanang (PBS-RTVM), the government is now able to air live the pronouncements of the President – his State of the Nation Addresses, media interviews, meetings, and other significant gatherings with local officials. These engagements are being amplified by the other PCOO attached agencies through their social media platforms as well as tv and radio programs.

"Kahit saan magpunta ang Presidente ay covered po. Diretso na yung report ng Presidente mula sa RTVM hanggang dun sa mga kababayan natin. Wala na pong middleman [Wherever the President goes, it is covered. The report of the President goes directly to the people because of RTVM. There's no longer a middleman]," Secretary Andanar said.
