Participants in the recent Cavite Tourism Forum held at the General Trias Cultural Convention Center

DENR 4A brings Daluynungan in Cavite

CAVITE TOURISM FORUM 2019

Carrying the theme, "Tourism and Jobs: A Better Future for All," more than 900 students from the tourism and hospitality schools in the province convened for this year's Cavite Tourism Forum held at the General Trias Cultural Convention Center last November 13, 2019.

Participants on the event were welcomed by Provincial Tourism Officer Rozelle Sangalang, expressing appreciation to the continuous support of the academe to the programs of the provincial government geared towards further development of the tourism industry in achieving sustainable economic growth.

Meanwhile, Atty. Jesse Raphael Grepo delivered a message on behalf of Governor Jonvic Remulla, motivating the youth with reports on various priority projects of the government including the opening of Sangley airport, new access roads and other tourism infrastructures creating a great impact on Cavite's tourism industry. Atty. Grepo likewise laud-

Turn topage 4

The Department of Environment and Natural Resources (DENR) Region 4A has intensified its 'Daluynungan' environmental campaign targeting communities surrounding the Manila Bay area.

From November 6 to 8, the DENR 4A through the Manila Bay Site Coordinating Management Office 4 (MBSCMO4) made rounds in the different communities in Cavite to hold series of discussions under Daluynungan in a bid to reduce the amount of garbage entering the Manila Bay.

The environmental campaign which was introduced by the DENR 4A, is a one-day environmental discussion focused on matters concerning the Republic Act 9003 or the Ecological Solid Waste Management Act of 2000.

Among the communities visited by the MBSCMO4 include the barangays of Queens Row West, Queens Row East, Molino I, Molino III, and Molino IV.

Emphasizing the pro-

visions of RA 9003, residents and officials were oriented on the effects of improper management and disposal of solid and liquid waste and the corresponding sanctions as provided by the law. Participating residents were also introduced to good environmental practices such as composting and vertical gardening which they can use to acquire diversity of plants, protective shield and added source of food.

The DENR 4A, said in a statement that "the hand-in-hand movement among the officials and the citizens would ensure the betterment of the environment."

Conceptualized by the MBSCMO4, Daluynungan campaign seeks to spread awareness on how communities could contribute in rehabilitating Manila Bay through proper waste management and

SENATE CORNER

Taasan teaching supplies allowance: "Sabi nga ng ating mga guro, mabuti pa ang mga sundalo, binibigyan ng bala para sa kanilang baril, pero ang mga guro, hindi binibigyan ng chalk para sa kanilang blackboard," ito ang mariing sinabi ni Sen. Bong Revilla sa kanyang sponsorship speech para sa S. No. 1092 na nagsusulong na taasan ang teaching supplies allowance ng bawat guro sa pampublikong paaralan sa buong bansa.

Revilla: Abide by SC ruling, implement mandatedbase pay salary of nurses by 2020

Sen. Bong Revilla on Tuesday reiterated the need to implement R.A. 9173 or the "Philippine Nursing Act of 2002" which mandates the base pay of nurses in the public sector to Salary Grade 15 and questioned its exclusion in the 2020 budget despite the Supreme Court's ruling.

In his interpellation during the Senate Budget Hearing for DOH, the veteran legislator emphasized that the implementation of the mandated base pay for government nurses will convince them to pursue a career in the country rather than abroad by making their salaries competitive.

According to a data released by the Philippine Overseas Employment Agency (POEA), more than 19,000 nurses leave the country

CALABARZON

Task force assures safety for 30th SEA Games in Southern Luzon

CAMP GEN. VICENTE LIM, Calamba City – The top commander of the Security Task Force (STF) in Southern Luzon for the 30th Southeast Asian Games on Wednesday assured the safety of participants during events to be held south of Manila from Nov. 30 to Dec. 11 this year.

In a media interview, Police Brig. Gen. Rey Lyndon T. Lawas, the STF Commander of the 30th Southeast Asian Games, said security and safety arrangements are now being polished with the remaining few adjustments based on the rigid plan and situation reported to the Philippine Southeast Asian Games Organizing Committee (PHISGOC).

"We are 100 percent ready. As of now, there is no direct eminent threat in the staging of the 30th Southeast Asian Games," he said.

Lawas, along with retired Gen. Gregorio Pio P. Catapang Jr., PHISGOC Functional Area Director for Games Security and Safety, graced the send-off ceremony of the TF Southern Luzon forces and resources for the SEA Games held at the grandstand of the Police Regional Office (PRO4A) Calabarzon command headquarters.

Besides ensuring the safety and security of athletes, sports officials and other guests, including sports venues, billeting and other critical areas, he said the TF contingent numbering around 7,899 will be deployed including in tourist areas for the delegates who want to go there.

"The community is involved in this event. We are not talking only about government agencies. This is a whole-of-nation approach because if we talk about the SEA Games, we're not talking only of the government, but we're talking of the whole country," he said.

LIBRENG KONSULTASYUN AT BUNOT SA DASMARIÑAS CITY

In its advocacy to provide the basic health care services of Caviteños, the Provincial Government of Cavite led by Governor Jonvic Remulla continues to bring welfare programs closer to its people. A total of 347 residents comprised of 191 young patients, 107 adult and 14 senior citizens have availed free consultations while 35 others received free tooth extraction services during the conduct of medical and dental mission in Barangay San Luis 1 in the City of Dasmariñas on November 14, 2019. They were also given prescribed medicines and vitamins. Punong Barangay Edna Andalaw, together with the members of the barangay council expressed their gratitude to the medical mission team for always bringing health care programs to their community. Also in attendance were barangay health workers and volunteers from the local and provincial government.

DTI-Calabarzon brings holiday trade fair in Mandaluyong

IMUS CITY, Cavite -- The Department of Trade and Industry (DTI) in Region IV-A (Calabarzon) is bringing the region's unique products this December in Mandaluyong City.

The DTI is calling on all trade-fair enthusiasts looking for the region's unique offerings - from personal gifts, consumer goods, handicrafts, home décor, textiles, fashion, and other local and design-driven goods, to visit its annual trade fair KALAKAL CALABARZON 2019 to be held at SM Megamall in Mandaluyong City.

The trade fair will be staged at the Mega Trade Halls 1 and 2, 5th Level, of the mall's Mega B building from December 4 to 8.

DTI Calabarzon information officer Mia Angeline V. Cortez said Thursday that this annual event, organized in cooperation with the provincial offices of Cavite, Laguna, Batangas, Rizal and Quezon serves as a better venue for the Calabarzon

MORE PHOTOS: CITY OF IMUS SUPPORT VAW and distribution of Maliksing pangkabuhayan sa mga OFW

micro, small, and medium entrepreneurs (MSMEs) to continue finding opportunities for business sustainability and growth.

"To continue to find opportunities in expanding the market of new/existing products, and to create, sustain, and strengthen the network and linkages not only with the government stakeholders but also with other private entities," Cortez said in a statement.

With some 180 expected exhibitors, the fair will focus on showcasing the products of the MSMEs that have undergone DTI's various product development programs and interventions.

Several new features are added in the fair like the "Choco-Cafeteria Pavilion" featuring the region's coffee and tablea and a Food Alley featuring the cooked food sector.

There will also be five boot-campers under the Home-grown Brands' Acceleration Franchise Formation Inception (HAFFI) Program that will also showcase their products, services, and franchise packages plus several training sessions on various topics will be provided, with the support of partner government agencies.

KALAKAL is an annual event by the DTI 4-A to promote the products of CALABARZON MSMEs through showcasing and order-taking activities and to create, sustain, and strengthen the network and linkages not only with government stakeholders but also with other private entities.

For this season, DTI 4-A partnered with the Department of Agriculture, Department of Tourism, Department of Science and Technology, city government of Mandaluyong, One Town, One Product (OTOP) Philippines, and SM Megamall. SOURCE:(PNA)

CAVITE TOURISM... FROM PAGE 1

ed the endeavors of the Provincial Tourism and Cultural Affairs Office (PTCAO) while encouraging students to be innovative especially in promoting the province's tourism, culture and arts.

The forum proper was filled with relevant and sufficient insights needed by the students in today's tourism industry trends. Resource speakers include DOT-NCR Supervising Tourism Operations Officer Ms. Sharlene Batin, The Filipino Hospitality Founder Mr. Martin Aguilar, The Queen's Escape Founder Ms. Anne Elizabeth Gumiran, and the Owner of Mayumi Organics Ms. Angelica Chongco.

In order to update students on the status of tourism in Calabarzon, Ms. Batin focused on Regional Travel Trends, with highlights on tourism statistics and data, stressing that the significance of these numbers, plus trainings on how to obtain such figures can support sustainable tourism development.

On the other hand, deeper understanding on competitiveness in the current tourism industry was provided by Mr. Aguilar. In his presentation, the founder of The Filipino Hospitality underscored integration of the ASEAN curriculum in the standards of tourism professionals, with huge emphasis on the necessary attitude, skills and knowledge. With his strong belief that tourism professionals cannot be replaced by technology, he encouraged students to be dedicated in achieving their dream and always be work ready to fill every gap in the industry.

Moreover, in today's environmental issues come sustainability concerns, thus a need to talk about sustainable traveling and its pillars in which Ms. Gumiran shared her passion as a solo traveler to make a positive impact to the community. She articulated that in order to be a sustainable traveler, aspects such as economical, ecological and socio-cultural should be taken into consideration. Over-tourism and other threats or risks might be turned into opportunities with awareness on sustainability among tourists and travelers.

The topic of Ms. Chongco on responsible consumption and production completed the session proper. As an entrepreneur, Ms. Chongco shared her business journey's success, being anchored on environmental and social responsibility.

As for realizations from the forum, tourism students grasped so much from values of having the right attitude, working with passion, traveling with discipline, reducing carbon footprints, and leaving positive influences in the community. These lessons must be inculcated on students which could contribute to achieve sustainability and generate more opportunities for the future.

Raffle prizes and lots of giveaways added fun to students for lighter feels in processing information being taken up for the whole day. The message of Ms. Sangalang in closing wrapped up the event, telling participants to apply the learnings and contribute to Cavite's tourism industry growth.

Calabarzon SCMDA sets strategic actions for 2020

CALABARZON– The Sectoral Committee on Macroeconomy and Development Administration (SCMDA) of the Calabarzon Regional Development Council is pushing for the intensified implementation of strategic actions on justice, peace, and governance in support to the achievement of goals embodied in the Calabarzon's five-year Regional Development Plan.

During the committee's fourth quarter meeting held on November 8, member agencies of the SCMDA have agreed to implement banner activities for 2020 that will pursue swift and fair administration of justice, ensure people-centered governance, and establish just and lasting peace.

The activities identified by the committee include the establishment of a regional justice hub or zone that would facilitate a practical approach in administering justice in the region.

According to the National Economic and Development Authority (NEDA) Region 4A, the justice hub is expected to improve access for judicial process as it would harmonize justice procedures and systems. It added that the establishment of the regional justice hub would also better facilitate the issues and concerns of the five pillars of the justice system namely law enforcement, prosecution, the courts, corrections, and the community.

Aside from the establishment of the justice hub, the SCMDA is also set to intensify the conduct of outreach activities and government caravans next year targeting to make government services accessible to communities and increase public awareness on government's programs, projects, and services.

With the intensified implementation of the Executive Order No. 70 or the Whole-of-Nation approach, the caravans and outreach activities according to NEDA 4A, are seen to contribute to President Duterte's priority agenda to end local communist armed conflict.

Recognizing the vital need to ensure people-centered, clean, and efficient governance, the SCMDA also agreed to include capacity development programs for member agencies of the RDC.

The NEDA 4A said the capacity development program is vital to improve the services being provided by the member agencies of the council.

"The conduct of capacity development program for RDC members is vital to build and enhance the capability of members to effectively and efficiently implement development plans, programs and activities of the government," it said.

The trainings which are yet to be determined by the committee will also be expanded to local level to include local government units personnel in view of the expected increase in the Internal Revenue Allotment or IRA starting next year.

NEDA 4A said the implementation of the SCMDA's banner activities is in support towards achieving the Ambisyon Natin 2040 or the long-term vision of a 'Matatag, Maginhawa, at Panatag na Buhay Para sa Lahat.' (PIA4A/NEDA4A)

kids aged 10-19 are overweight. On the other hand, a stunning 31.1 % of adults are suffering from clinical obesity.

The study further revealed that the prevalence rate of being overweight and obese among children 0-5 years old rises at an average of 0.17 percent annually for the past 24 years. Meanwhile, the overweight prevalence of among school-age and adolescent groups increases at 0.33 percent and 0.34 percent respectively in a span of 10 years.

If passed into law, Bong Revilla's bill shall mandate the Department of Education (DepED) to craft specially-designed instructions to inculcate anti-obesity measures as an integral part of the learning schedule, and target the physical health requirements of the students in every age bracket.

"Dahil sa pagtaas ng overweight at obesity rate sa bansa, marami sa ating mga kababayan ay parang naglalakad na 'time bomb' dahil anumang oras, maaari nilang ikapahamak ang anumang komplikasyon sa kalusugan na dulot ng sobrang timbang. Hindi na natin dapat pang hintayin ang araw na iyon. Dapat ngayon pa lang, we should promote an active lifestyle among our youth para mapangalagaan sila," Revilla said.

ARQCapital boosts bid to set up more dialysis centers in PH

MANILA -- Pioneering dialysis chain operator MedLine has secured funding from ARQCapital for the establishment of stand-alone dialysis centers in key areas in the country, giving Filipinos better access to affordable dialysis treatment.

Kidney-related diseases are consistently among the top 10 most common causes of death in South East Asia.

Chronic kidney disease regresses toward end-stage renal disease (ESRD) which can be described by the necessity to perform life-saving dialysis or kidney transplantation, although the issue with the latter is that there is a shortage of donors.

Worldwide, the number of patients receiving renal replacement therapy (RRT) was estimated at more than 1.4 million cases with incidence growing at approximately 8 percent annually.

In the Philippines, this number is even greater. As of 2018, it is estimated that the number of cases of kidney diseases are increasing at a rate of 10 percent to 15 percent each year.

However, it is also estimated that only two out of three patients diagnosed with ESRD are going through dialysis.

This leaves a huge portion of patients with this illness in desperate need of proper treatment for their condition.

There are several reasons as to why it can be difficult for patients with ESRD to receive treatment.

One of the biggest issues is the cost related to medical expenses.

The average cost of a hemodialysis session in the Philippines is about PHP4,500.

Given that the recommended frequency of sessions per week is three times, then the total amount of expenses for a dialysis patient is PHP13,500 per week – a large expense for the average Filipino.

Going through dialysis thrice a week roughly equates to 156 sessions per year per patient.

Of this number, PhilHealth sponsors 90 sessions, while certain government agencies, like the Department of Social Welfare and Development (DSWD) and the Philippine Charity Sweepstakes Office (PCSO), help in subsidizing treatment costs.

Most patients incur out of pocket expenses, hence the need for low-cost hemodialysis facilities.

Another reason why a large number of ESRD patients are unable to receive medical care is the shortage of dialysis centers throughout the country.

People with this disease that live in remote locations often have great difficulty accessing low-cost dialysis centers where they can get proper treatment.

As a result, their health conditions inevitably become worse, therefore more accessible and affordable dialysis centers need to be established throughout the country.

This is exactly why MedLine Dialysis Center Franchising has been aggressively building corporate branches and promoting their franchising opportunity.

Brothers Alexander and Sonny Lim established MedLine in 2015, with the goal of becoming the leader in the fast-growing but highly fragmented USD300-million Philippine hemodialysis market.

To grow faster and make affordable dialysis available across the country, the group partnered with Francorp to design the first dialysis franchise program in the Philippines.

Since 2018, the brand has been adding an average of one to two new franchises every month and is planning to add 20 franchises over the coming 12 months, in locations such as Baguio, Cavite, Laguna, Batangas, Cebu, Davao and Cagayan de Oro.

ARQCapital, meanwhile, was established in 2014 and has since become a leading boutique investment firm focused on providing growth capital to promising entrepreneurs and small and medium enterprises (SMEs) in the Philippines in key sectors such as food and agriculture, consumer, social infrastructure, and financial services.

PHYSICAL ACTIVITIES TO CURB RISING OF OBESITY RATE-REVILLA

Sen. Bong Revilla expressed his commitment to curb the rising rate of obesity in the Philippines, especially among the youth, by inculcating more physical activities and traditional games in the K to 12 curriculum.

He filed S. No. 1121, "An Act Providing for the Mandatory Inclusion of Anti-Obesity Education Program and Exercise including Play and Traditional Games, in the Pre-School, Elementary and
